School is a world in itself much different than the outside world of jobs, promotions, and paychecks. Our world is one of textbooks, essays, successes, and failures. It is the world of students and teachers. It is the world of Freedom High.
Sit down and take a Look Into Our World

3099's!
(Corinne)
Well, it's

more wild parties together!
Call me over the summer "3099's" and will

GRADUATION

On June 4, 1985, four-hundred and twenty graduating seniors gathered on campus at Freedom High School for commencement ceremonies. This signaled the end of high school days and the beginning of a slightly different way of life. Only they can choose the next step in the path of life. Some will choose college, some will choose work, and others will choose both. But whatever road they take, they will always remember their days here at Freedom High. From the hours of hard work to the many rewarding friendships that were developed, the memories will always be there. But the most important of all is the fact that Morganton and Freedom High School are the places where four hundred and twenty children became adults. This is the place that got them started and prepared them for the outside world.

1985 Prom

- 1) Just You and I, the theme of the 1985 Junior-Senior Prom.
- 2) We wear our sunglasses at the Prom (Anne Marie Bourg and Chris Caraway).

SPRING DRAMA

It was another spectacular year for *The Freedom High Playmakers*. In the 84/85 year they gave us "The Diary of Anne Frank," "Lilies of the Field," "Spoon River Anthology," and the musical "South Pacific." Most of us enjoyed these polished productions without being aware of the huge amount of work behind each one. Each cast member must learn lines and blocking (the movement and positioning on stage), they help with sets, and learn any songs and dance involved with the production. They begin months before the play opens and face constant pressure from practice and regular schoolwork. The Playmakers are extremely dedicated and it always shines through in their work. We should all thank the directors Mr. Epeley and Mrs. Pittman and every student involved with the Playmakers for such outstanding entertainment.

1. Noel Shepard and Jay Hayes both won awards for their performances in *South Pacific*.
2. The entire cast and population of *Spoon River* on stage.
3. A scene from the native dance on the island of Bali-Hai.
4. The sailors relax and enjoy a laugh.
5. "She's in love." The nurses do a song and dance number.
6. "Bali-Hai will call you ..." Sharon Mong as Bloody Mary.
7. "Some Enchanted Evening ..." Tim Pittman and Allison Watts in a tender love scene.
8. "Younger than Springtime ..." Noel Shepard and Jennifer Caroway in their own love scene.

The 1985 boys and girls Track Team had a very successful season, with many records broken. The boys were the 1985 Western 4A Champions. They also finished second in the Sectionals. Larry Whiteside won the State High Hurdles, also breaking the school record. Ricky Gardin broke the triple jump record. Neel Garrison broke the 800 meter run record. Jeff Starnes broke the High Jump record. Several girls also had excellent seasons. Samantha Allen broke the school record in the 800 meter run. Kelly McDaniels broke the girls high jump record at Freedom. Julie Duncan did well also.

1. Jeff Starnes crosses new horizons.
2. Clearing the hurdles is Tojuana Conley.
3. Taking a break between events are members of the boys' track team.
4. Ricky Gardin leaps for the record.

The Freedom Boys Tennis Team had the best season of any tennis team in the past — not only were they virtually undefeated, but they also reached championship level. This year more Freedom players qualified for the state tournament in Chapel Hill, John Yancey was the sectional champion. Paul Puckett was undefeated in regular season. John Yancey and Paul Puckett reached the regional and state tournaments in singles. Both Clay Yancey and Charlie Suh reached in doubles. Only two very talented senior players, Paul Puckett and Charlie Suh, will not return next year, so next season looks just as promising.

The Patriots softball team had a rewarding record this year by finishing the regular season competition in a three-way tie for second place in the conference. Freedom had a 9-5 league record and was 10-6 overall.

The team was extremely strong this season, and next year looks just as promising. The team will sadly be losing four seniors that have been a tremendous asset to the team. But with the young team that is left, it seems the vacancies can be refilled. There were three freshmen on the team that look extremely promising for the next three years.

Each game the team played was a doubleheader. The Patriots had a record of not losing twice to the same team. They either split the games or they were victorious in both.

No previous softball team has gone to state playoffs or been in contention to do so. Therefore, a big patriotic congratulations is in store for our girls — Congratulations, for a job well done!

The team had a terrific coaching staff behind them, which consisted of Debbie Gober, and assistant coaches Debbie O'Neil and Terrie Whisenant. The scorekeeper was Dawn McKinney and Chris Ervin was the trainer.

1. The team waits for their turn at bat.
2. Alisia and Cindy approach the bench after an exhausting excursion on the field.

The J.V. Patriots had a very event filled 1985 baseball season. The overall team record was 5-5-1, with several games being cancelled due to weather conditions. Each of the players deserve a great deal of credit for giving their time and effort to make this a successful season. The highlights of the season were a thirteen run, two hit victory over South Caldwell and a long awaited one run victory over Hickory. The Patriots played tremendous defense all season with several superb pitching performances. The coaches await the return of our J.V. players on the varsity team next year.

VARSITY BASEBALL

The 1985 edition of Freedom Patriot Baseball was characterized as a team that would not quit. After losing eight of nine games played, Coach Wilton Daves' Patriots won eight of the last fourteen games. This included a third place finish in the West Caldwell Invitational. The Patriots finished fifth in the tough Western 4-A Conference.

Leading the team offensively were Alan Jones and Doyle Elliott, and a record 15 stolen bases by Donald Franklin.

In the infield, the team was led by the double play combination of Chris Caraway, David Grindstaff, and Doyle Elliott, and some great plays by Billy Rice and John Brown at third and the fine play of catcher Eric Hawkins. The outfield was led by the great arm of Steve Peeler and the steady play of Alan Jones. The pitching staff was led by lefty Chad Epley with six victories, Shane Knupp with several great performances, and All-Conference performer Bryan Johnson.

Some highlights of the season included two victories each over McDowell, Hickory, and Asheville, Shane Knupp's one hitter against Asheville, Doyle's great play on his belly at West Caldwell that saved a run, Steve's throwing out runners at home and first base from the outfield, Chad's six victories, Donald's daring base running, and Kenneth's four hits in one game.

Next year, the Patriots look forward to a great season as they enter the new Northwestern 4-A Conference.

1) David Grindstaff gets tagged at second while Chad Epley sprints to first.

2) Alan Jones sprints to second after a base hit by a teammate.

3) Kenneth McNeely leaps back to first base to keep from being tagged out.

4) Chad Epley winds up the pitching arm.

GOLF

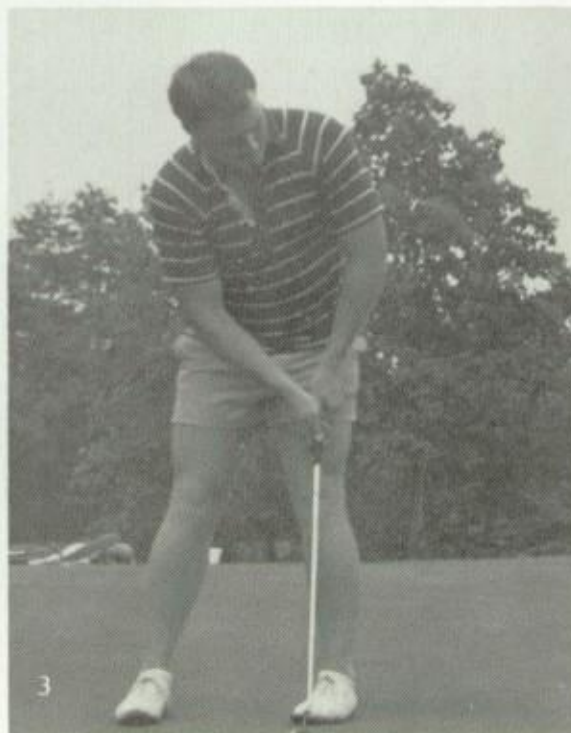

The 1985 Freedom Golf Team was definitely better than average. With only four seniors on the squad, the Patriots managed to place in the state and in the conference. Number one Freedom golfer, Matt Peterson, will continue his golfing career as he signed a scholarship with the University of Georgia. The team was coached by Dean Clark, who seemed to enjoy the demanding task. The team was led by seniors Matt Peterson, Larry Chester, Keith Rhyne, and Steve Fisher; Juniors Mark Poteat and Mark Lambert, and sophomore John Whitener.

Way to go!

Good Luck Next Year!~

In our institution known as society, we have been confronted with many decisions that tend to change our direction in life. We wanted to know why, where, when, and how. Many have been answered, but there is still a long road to be traveled. We formulated our goals for twelve years, and now we want to put our achievements into action. Striving for excellence and seeking self-fulfillment came with hard work and guidance from our peers. Our rewards will only be as good as how hard we have worked. — Larry Whiteside.

Spinning, turning
 Laughing, learning
 Loving, living
 Taking, giving
 Circular cycles
 And lessons of love
 Sunshine and flowers
 Or rain from above
 Growing together
 And sometimes apart
 Nurturing each other
 To love from the heart.

1. Sharon Abrams, Angie Caldwell, Tonjuana Conley, Annette Williams, and Kisha Brewer relax during the ever so short lunch break.
2. Thank Goodness it's Friday! (John Port)
3. Are you serious? (Donna Powell)
4. Let me know if they're looking. (Sharon Abrams, Lolita Jones, Jackie Clark)

I'll be watching you.

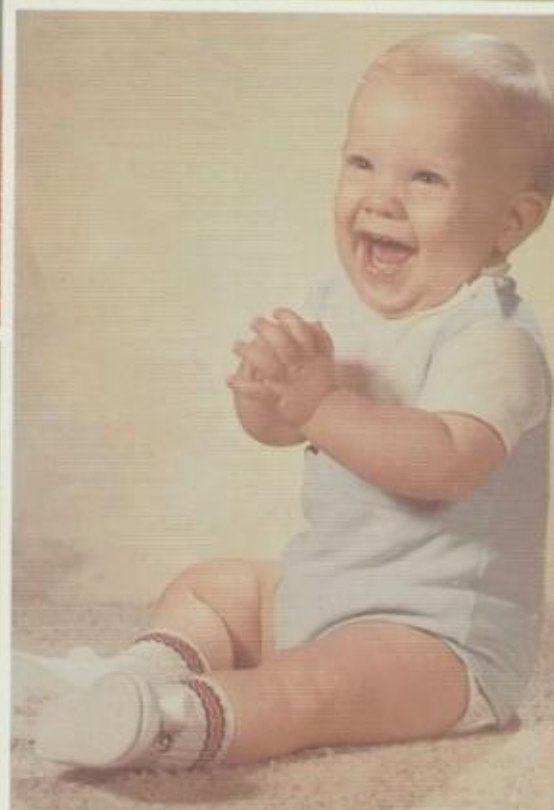

What was senior year? It was the cheering at the football games, Friday night in McDonald's parking lot, waiting for the phone to ring. Senior year was trying to figure out what all the letters — SAT, ASVAB, HELP — stood for. More than that, though, senior year was the last year before we became adults, before we got turned loose into the real world, the real world that loomed closer as students struggled to find colleges and jobs, and decide their futures. As you look into these pages, look into our world as it was.

1. Cameron Miller says, "I wouldn't do that if I were you."
2. The expression on Deatra Harbison's face shows she is having a good time in angling class.
3. Peek-a-boo! (Mary Todd)
4. Christal Perry says, "Run that past me one more time."
5. Smile — and everybody will think you're up to something. (Eric Woody)
6. Alan, Scott and Reid — the three stooges of Freedom.
7. Bear Mills — what have you been up to?

SOPHOMORES

Sophomore Officers

Pres. Rodney Freeman

V.P. Christy Rhyne

Secy. Alan Martin

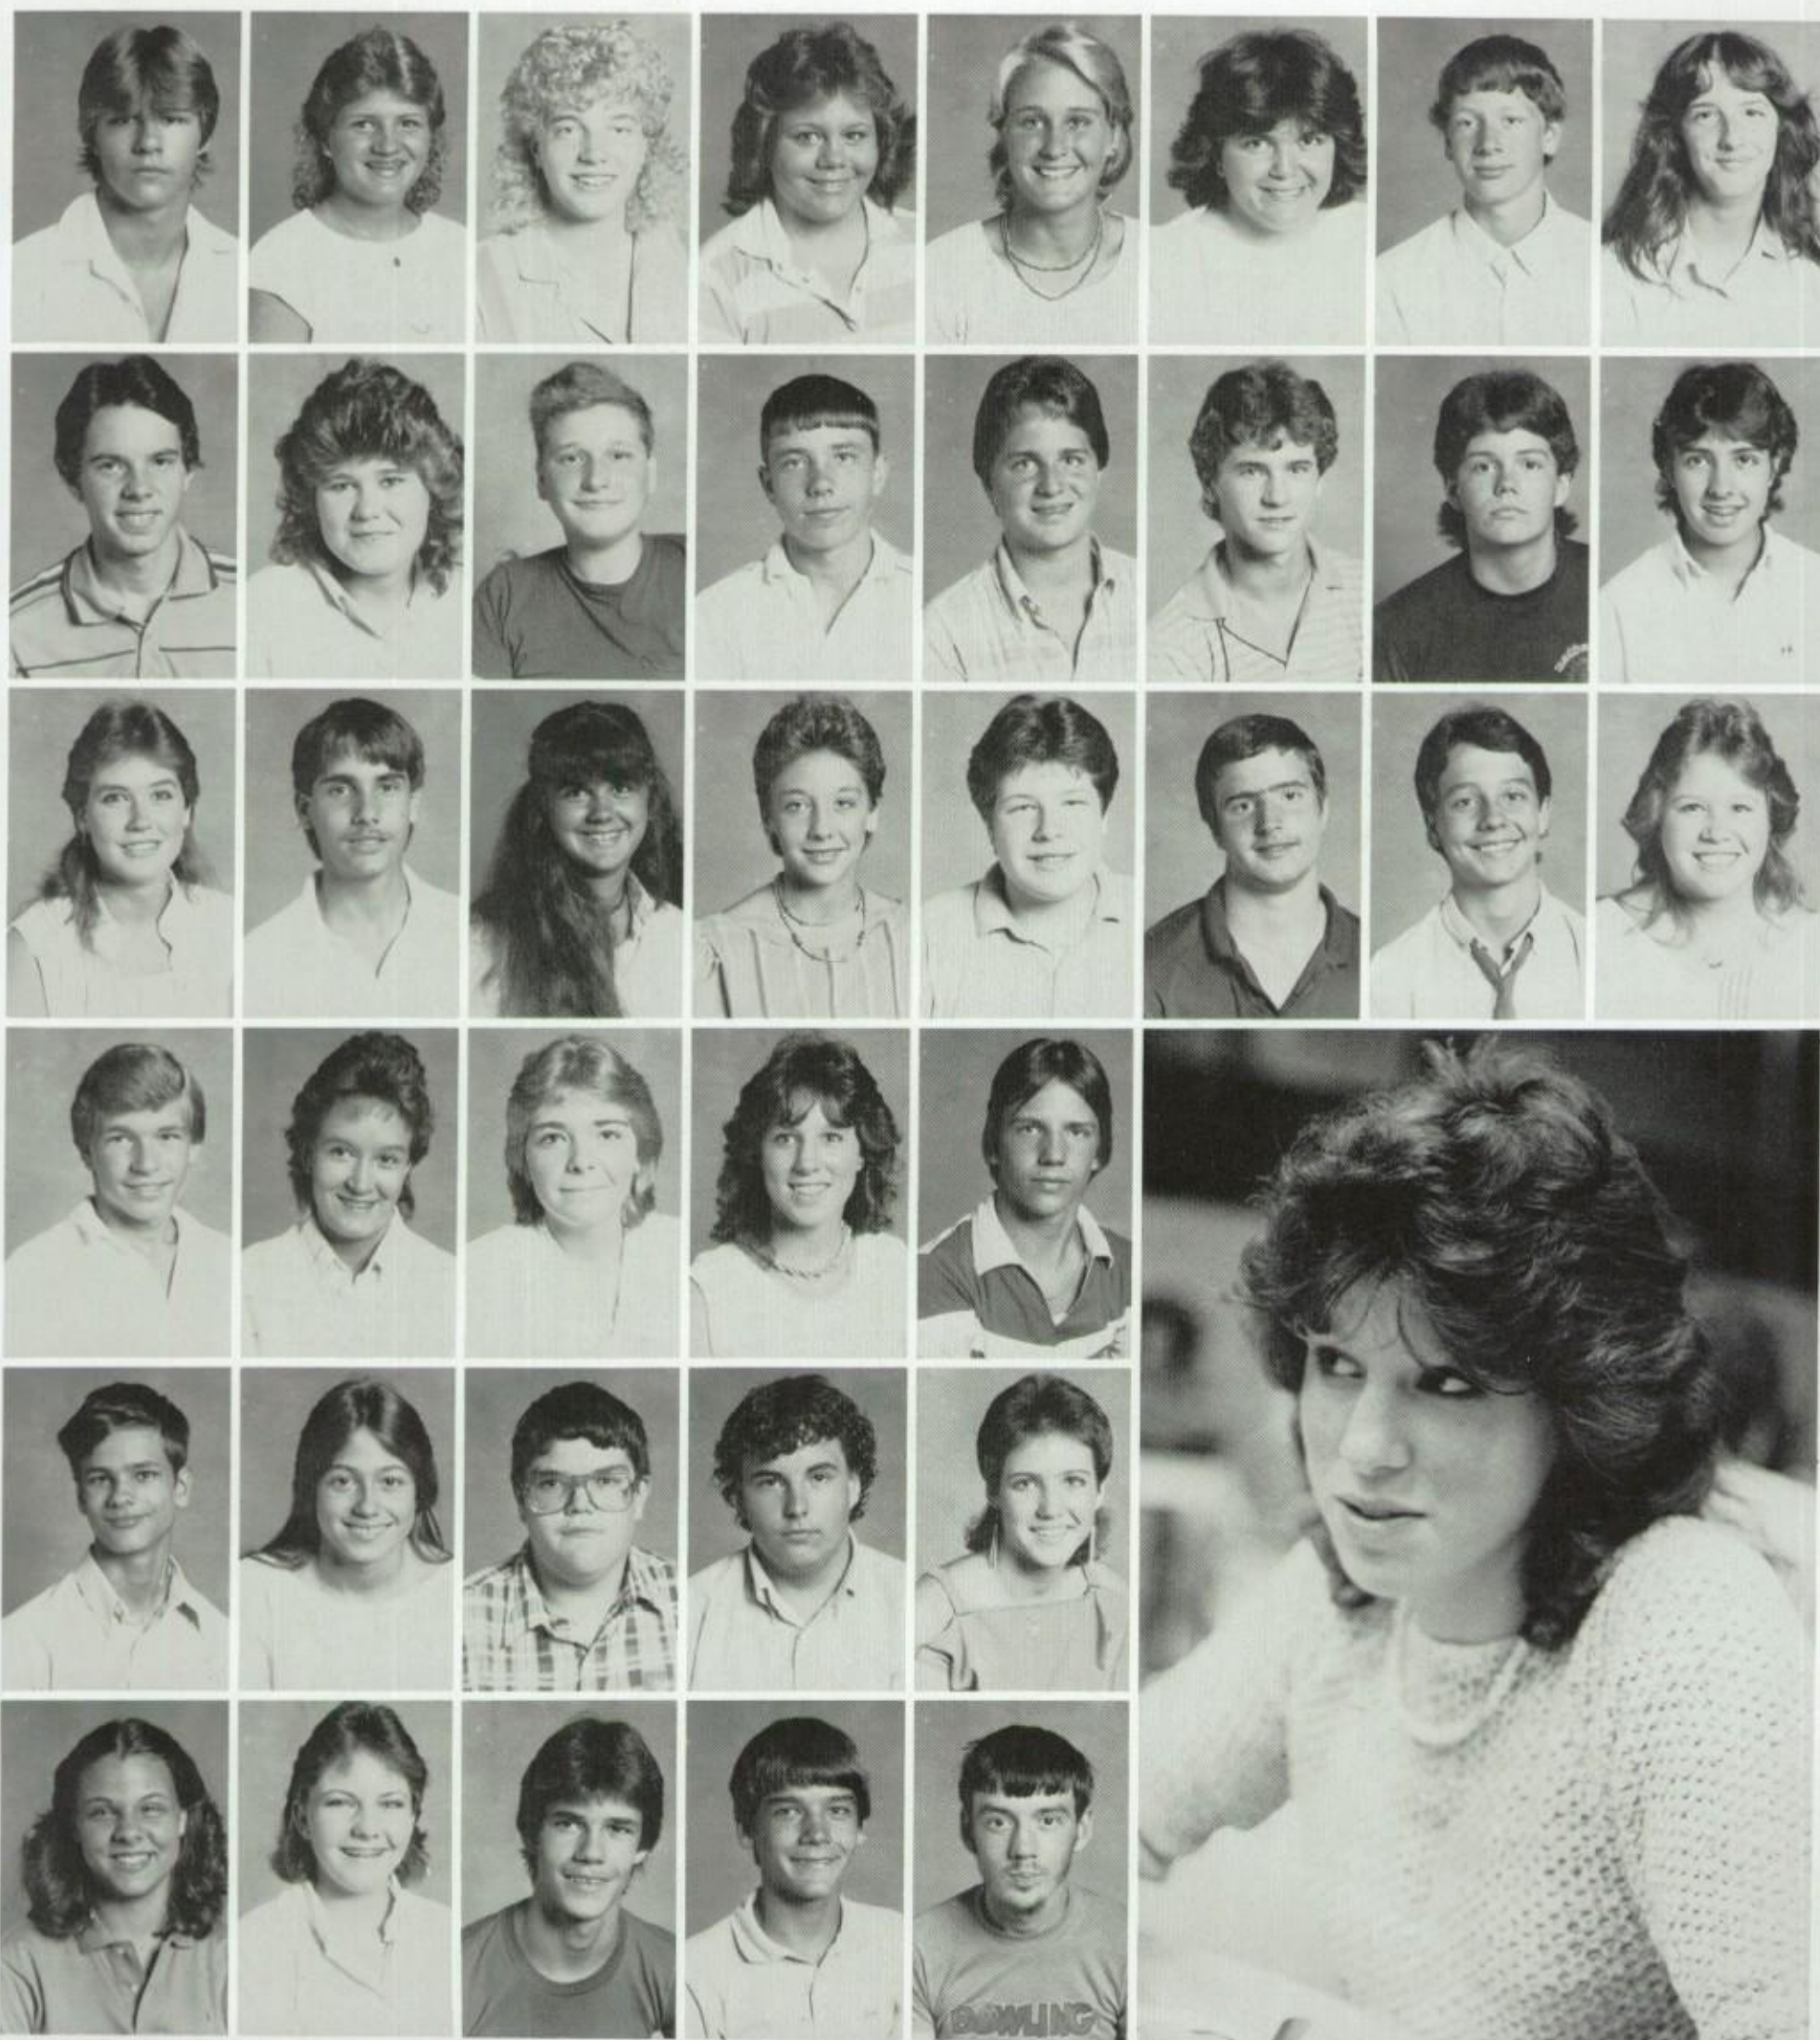

Treas. Lisa McKittrick

We sophomores have just undergone a great change in our lives, the change from junior high to senior high school. Most of us have adapted well. At first, many of us were afraid to be involved in anything, but as we lost our fear of the school, we began showing our school spirit and realized that we *were* a part of Freedom High School. We are ready for the challenges that we will face as juniors and seniors, and we are going to make this class of '87 the best class ever. Rodney Freeman, President of sophomore class.

Cross Country Moves up!!

The 1984-85 Freedom Cross Country Team made vast improvements during the year.

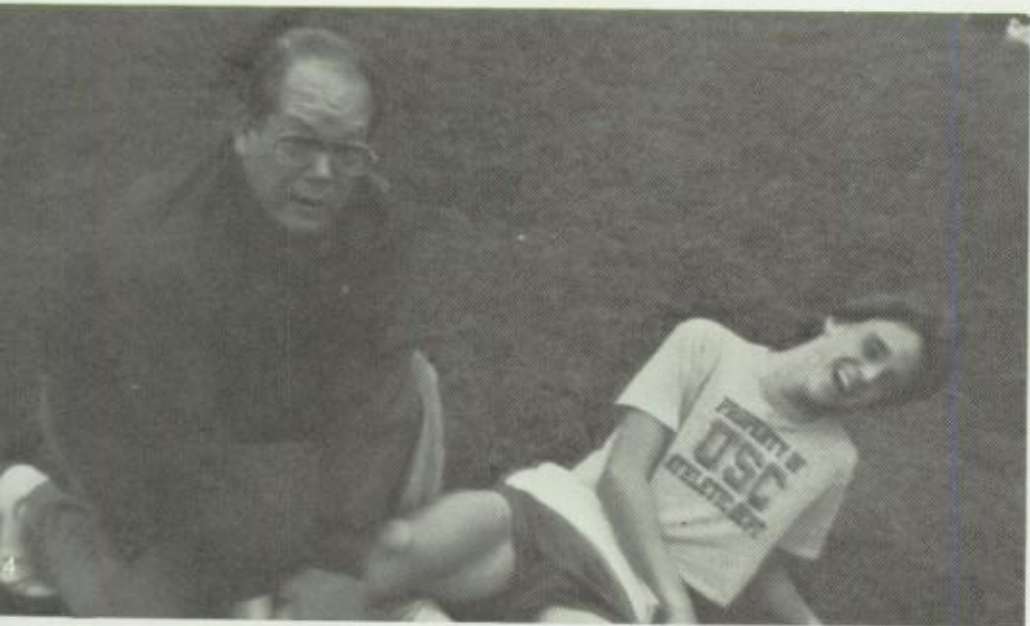

Our goal for the year was to finish in the upper division of the conference. This goal was realized when the boys team tied for fourth and the girls team finished third.

The highlights of our year came with the running of the ASU Invitational at Blowing Rock, the Conference and Sectional meets at Freedom, Samantha Allen and Sonya Moore making the All-Conference Team, and Samantha qualifying and participating in the state finals at Charlotte.

The boys team was led by senior Pat Bradshaw, junior Robbie Cambell and sophomore Wayne Lynn, while the girls were led by junior Samantha Allen, junior Sonya Moore and junior Amy Milne.

GIRLS TENNIS

The 1984-85 Patriot Girls Tennis team was a big success! Under the direction of Coach Marsha Crump, the Lady Patriots finished 6-1 in the conference play, and 11-2 overall. With four starters returning from last years team, the Lady Pats were undoubtedly strong. Coach Crump said the girls worked hard in practice and looked to have real promise. The Patriots were fortunate to have two players, Angie Caroway, and Aeysha Omer, who topped-off a great season with All-Conference honors. Angie was also coted Conference M.V.P., finishing her regular season with a 13-0 record and having a 16-2 record after completing post-season play. Let's hope for this continued success next year!

First year coach Roger Teeple found his Patriot soccer team to be a very pleasant surprise. Though the 1984 Patriots were a young team, with eight ninth-graders and only three seniors, they managed to close the season with a 9-4-1 record overall and a 6-3 record in the conference.

The Patriots were also blessed with a number of players receiving post-season honors. Selected for the first team all-conference were John Dengler, and Jay Hayes. Receiving second team honors were Tom Dengler, Bobby Sommerville, and Juan "Peanut" Kincaid. Receiving all-region honors were: First team — Tom Dengler; Second team — Jay Hayes. Team awards were given as follows: Mr. Hustle, Bobby Sommerville; Most Improved, Robbie Lynam; and M.V.P., Tom Dengler. The Patriots also had the third highest scorer in the state, John Dengler.

Coach Teeple said the team played very very well and he could see improvement every game. Good luck! Let's do even better next year.

VARSITY FOOTBALL

The 1984 Varsity football team gave it's fans a great deal to look forward to when they opened their season with a 38-0 win over Hibriten, and a 13 point win over Watauga. The senior dominated team gave the Freedom fans something to cheer about when they defeated West Caldwell for the first time in seven years and became ranked fourth in the State. After a heart-breaking loss to McDowell, the Patriots battled against both injuries to key players and tough opponents in the conference. The Patriots defeated South Caldwell 14-0 to make Home Coming a little sweeter. But the Patriots suffered two more losses to Hunter Huss and Ashbrook before they ran past Asheville 39-0. The fighting Patriots watched their last hopes for a play-off spot dwindle away when they lost to Hickory by only two points. Having to fight their way off of the Hickory field, the Patriots readied themselves for what was considered to be the hardest hitting game of the season, Fat Friday.

1. Larry Putnam breaks through the middle of the Watauga defense for a big gain.
2. Larry Whiteside shows his speed as he runs into open field.

Many Varsity Patriots have been honored this year. Although the 1984 Patriot season ended with a record of five-five, the Patriot team had seven members who were selected as All-Conference players. Mike Evitt, John Martin and Jimmy Ethridge, were picked as first team all-conference players. Larry Chester, Larry Putnam, Robert White, and Larry Whiteside were picked as second team players. Trevor Browning received honorable mention in the all conference selections. Other Patriot players were also awarded for their outstanding achievements. Jimmy Ethridge received the prestigious "Jug Wilson Award", and Mike Evitt was named the "Most Valuable Player". Ricky Gardin received the "Golden Helmet Award", an award which is given to a player who unselfishly puts the team before everything else. John Martin received the "Outstanding Lineman Award", and Larry Putnam won the "Outstanding Back Award" for the fighting Patriots. Congratulations are in order for these fine athletes.

1. John Martin lowers the boom on Watauga's Quarterback.

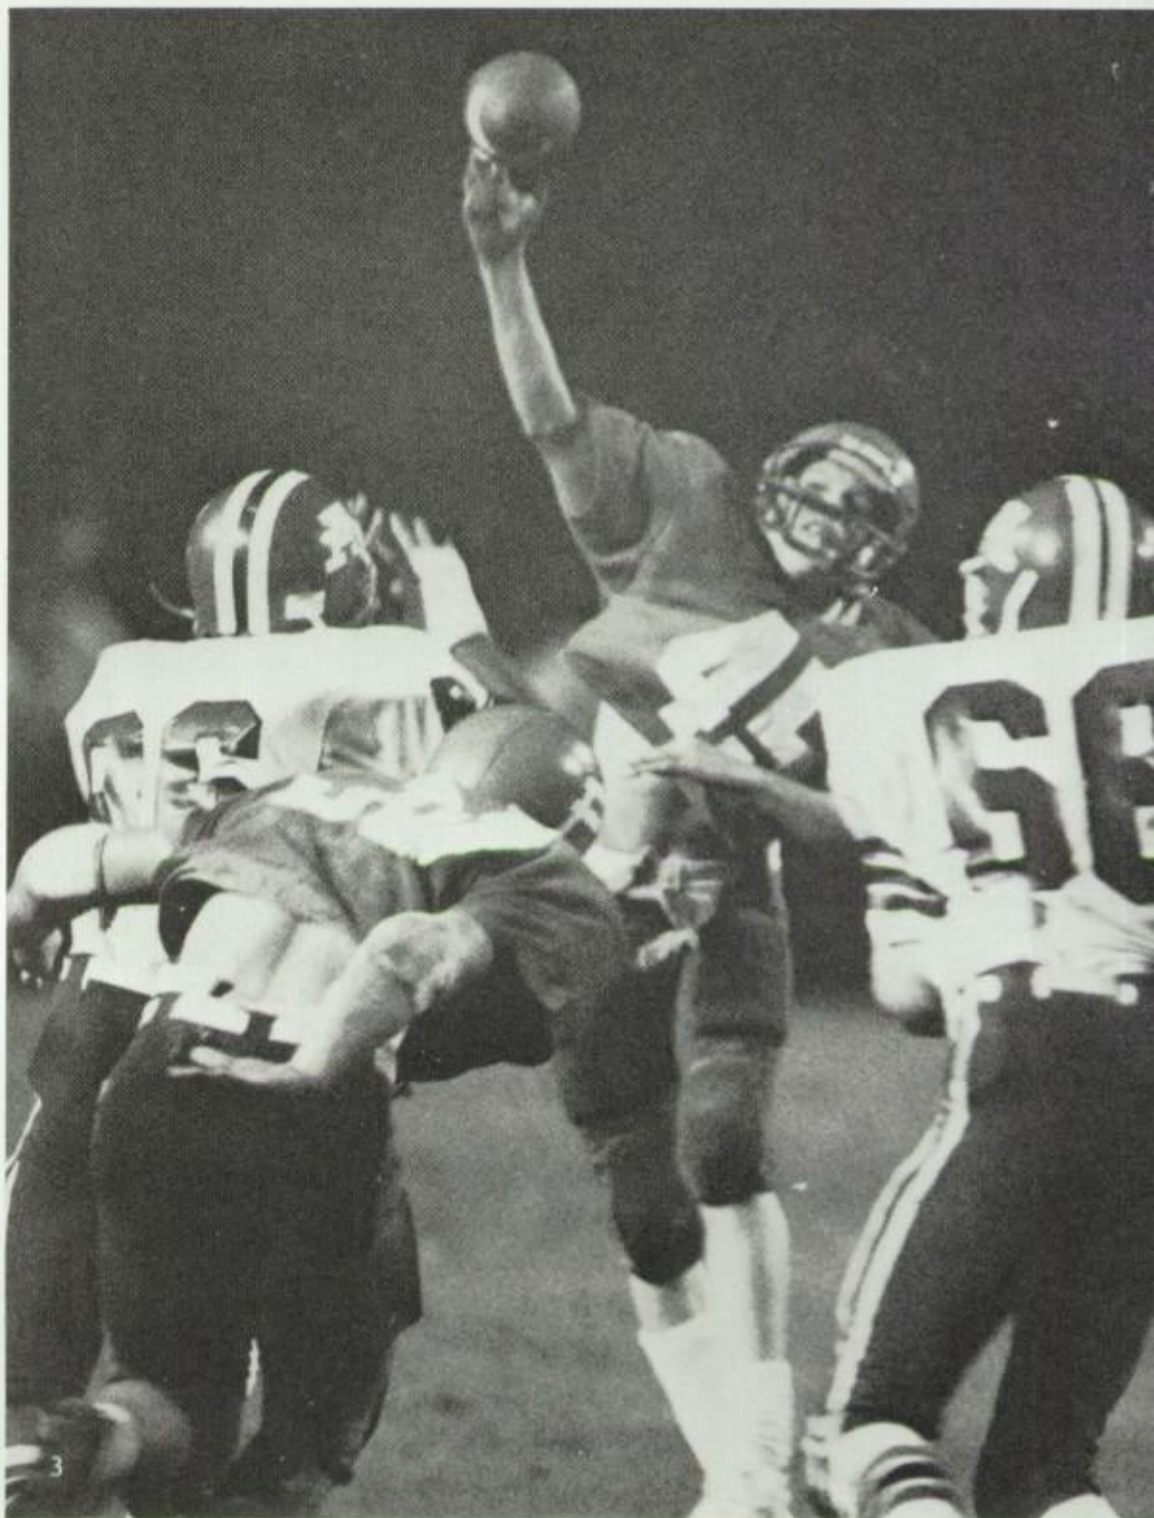

2. Jimmy Ehtridge breaks a tackle and advances down field.

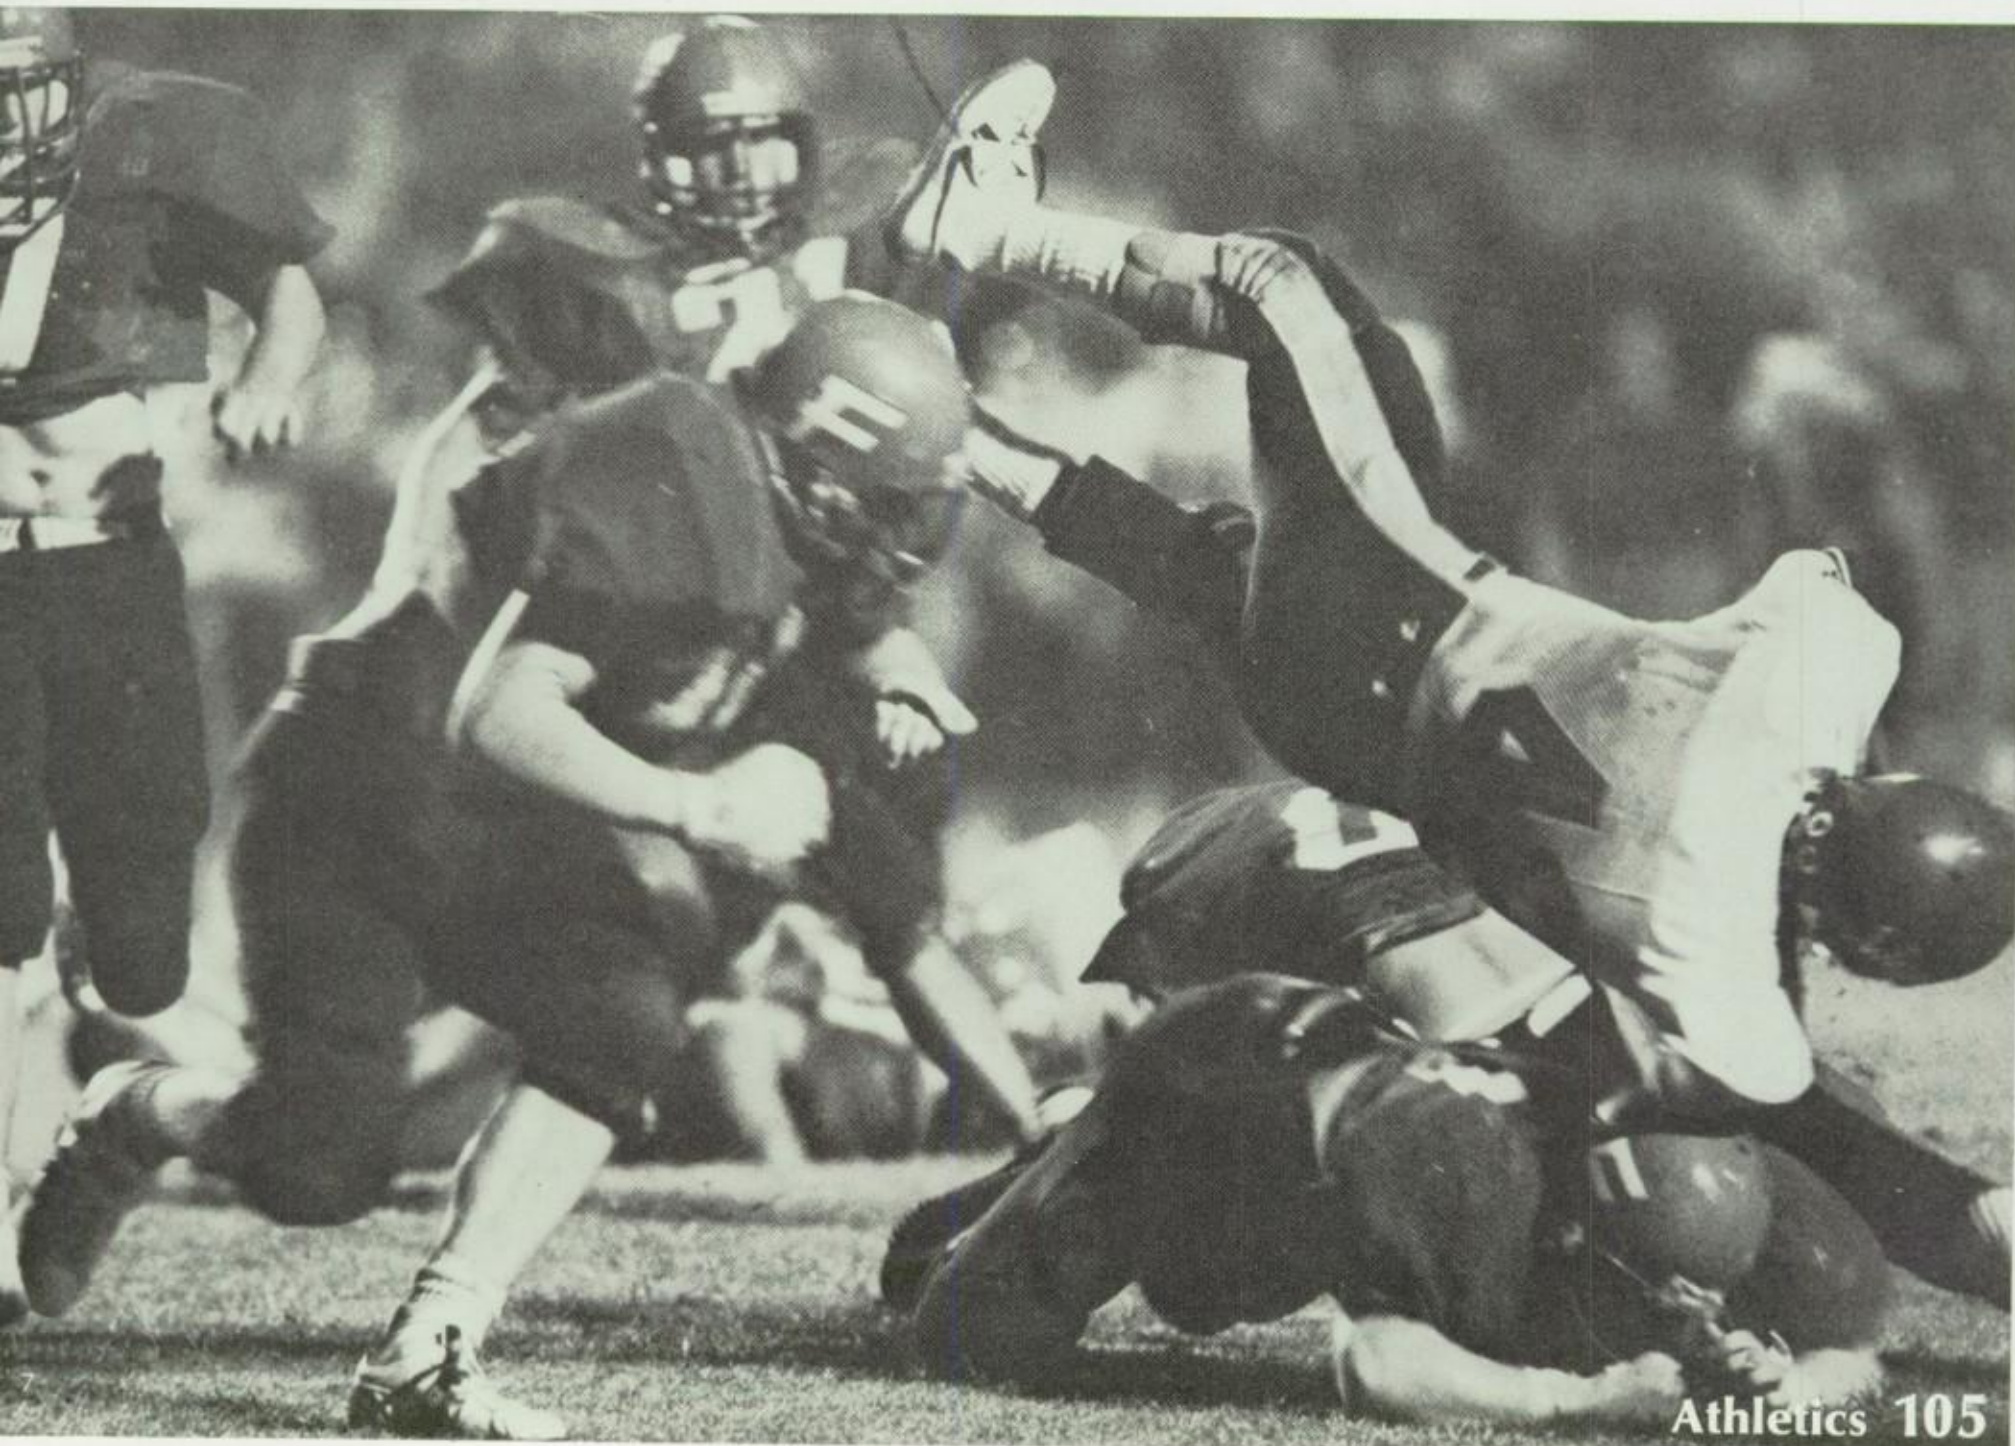

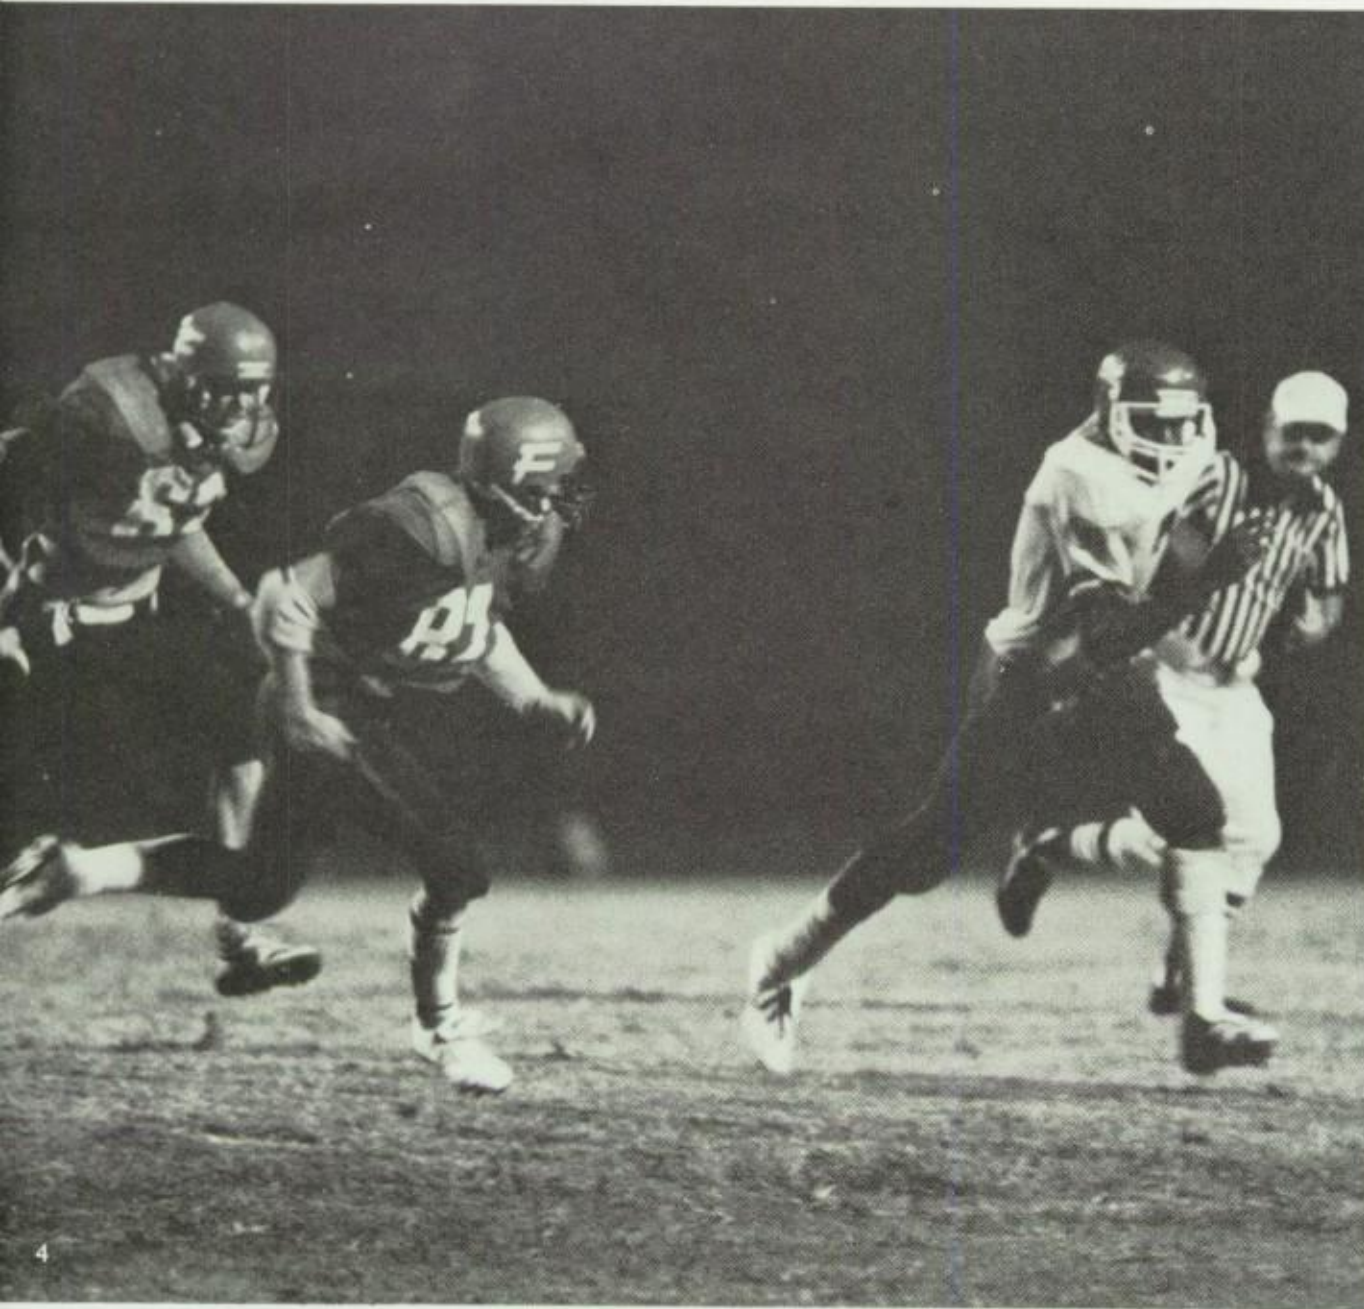

Fat Friday, as usual the biggest sports event held in Burke County. Fans from both halves of the county crammed into Freedom's stadium to cheer their teams to victory. For the past ten years, fans have come on a freezing cold November night to watch rival teams Freedom and East Burke compete to the best of their ability. The intensity of Fat Friday started to build as the 1984 football year drew to an end. Although Fat Friday is a time for fans to get out and have fun, this game also is a time of mixed feelings for senior players. This is because this game is the last that some senior players will ever play. Those few seniors who will be fortunate enough to play college football are rare, but even they will remember this game. Fat Friday will live on in players and fans' minds long after the game has ended.

JUNIOR VARSITY FOOTBALL

The 1984 Junior Varsity football team will be remembered for years to come. Although the J.V. Patriots had a record of 4 and 6, they continue to carry on that Freedom High fighting tradition of winning. The J.V. players did not have as good of a season as they had hoped for, but they look to be very promising for the next season. After all this years' J.V. Patriots will be next years' varsity team.

Swimming seemed to be an up and coming sport at Freedom this year. Both the girls' and boys' teams have benefitted greatly from the addition of eager new members. The team was coached by Dennis Smith who put emphasis on dedication and good hard work to all of his swimmers. Despite poor practice facilities and weak recognition, the '84-'85 Freedom swimmers persisted to compete and represent Freedom proudly.

Freedom Patriot Wrestling 1984-85

The '84-85 edition of the Patriot Wrestling Team was one of contrasts. There was a contingent of experienced wrestlers led by four senior captains who held an impressive array of credits to their names. Maurice Beach whose varsity record in his sophomore and junior years was 55-8-1. He finished his junior season with Enka Tournament Championship, Sectional Runner-up, third place in Regionals, and All Western 4A laurels to his credit; Barry Wood whose junior season included a 15-4 record and an all conference team selection. Jimmy Ethridge and Ray Hasson are the remaining two senior captains. Both will be counted on greatly to help lead the team to a successful season.

Junior returners were David Alley, David Berry, Ray Hand, and Jevon Morris whose '83-84 All-Conference placement and 19-6 record were counted on heavily.

At the other end of the contrast was a contingent of returners and first year wrestlers who earned starting positions. They were seniors Alan Jones and Mike Crisp, sophomores Alan Hamrick, and freshmen Kevin Robinson, Darrell Perkins, Sam Strickland, and Kevin Ramsey.

The other members of the team this year were Tim Abee, Scott Black, Tom Spiggle, Randy Hand, Brian Crawford, Roy Coffee, Evan Barron, Mike Lynch, and Rusty Barlow.

Seeing these contrasts, Coach Black took an outlook of conservatism and was looking at another year of rebuilding. As the team took shape in November and during the non-league season in December he began to look toward a better season.

1. Maurice Beach is working on another win.
2. Jimmy Ethridge pins Hickory wrestler.
3. Jevon Morris is working for a pin.

3. Super Seniors on this year's Wrestling Team include Jimmy Ethridge — Co-Captain

"This season Jimmy has a 13-2-0 record and a career record of 22-8-0. He was runner-up in the Crest Invitational and should place well in the Conference, Sectional, and Regional Tournaments. Jimmy could very well be a State Tournament participant this year." — Coach Black

Offering one of the wider selections of art classes in the state, the Freedom Art Department takes pride in serving her students. Eleven different courses are available ranging from Art

History to Calligraphy.

Two full time art instructors, Debbie Pickett and Gary Delp, working in two fully equipped classrooms, strive to bring a basic art understanding to over six hundred students per year.

The Freedom Art Department has won recognition from the local to the national level. Work from Freedom has been on display in Raleigh, Washington D.C. and many local galleries. Freedom students have been awarded art scholarships ranging from \$1,000 to \$20,000 and many future students will also choose to make art a career.

1. The Art Department is known for its individuality. Shown is Marshall Bachelder noted for his style.

2. Teresa Haynes concentrates on a painting which became the cover of this annual.

3. Two years ago, former student Ricky Sullivan made a mold of Glenn Wilson's face in King Tut's image for Art History class. However, the cast cracked, and, until this year, Tut resided outside the art office window. Neil Carswell poses beside him in Tut's last picture before his mysterious disappearance.

BUSINESS

Would you like to know how to type your letters and term papers? Balance your checkbook? Learn clerical skills needed for an office career? Know more about filing income tax? Take shorthand? Or be able to operate a computer? The Business Department offers twenty-six courses open to every student at FHS. Many students choose to take one or more of the business career but also for their own personal enrichment. Membership in FBLA (Future Business Leaders of America) is open to any student who is enrolled in at least one business course. FBLA has been able to purchase needed equipment for the department through a fund raiser.

tence.

The Driver Education Department here at Freedom has the finest facility, in a high school, in the entire United States.

Our program allows our students to receive more than the traditional "30 and 6" program found in most other schools in our country. We are able to provide students with not only the basic driving maneuvers, but also advanced defensive driving maneuvers such as emergency off road recovery and skid control.

Our range facility is also the site for outside agencies such as law enforcement, fire, ambulance drivers, and private commercial companies such as United Parcel Service and Dow Chemical Company.

We have four well qualified instructors teaching driver education all of whom hold Master of Science Degrees. The department chairman and range coordinator is Ron Black. Other instructors are: Tom Biggerstaff, Wilton Daves, and Bobby Little.

1. An aerial view shows the entire driving range.
2. Mr. Black is captured by the camera as he types and enjoys a drink.
3. Driving can be stressful — even Mr. Daves is tense when he has to explain that it is a car.

LANGUAGES

The Foreign Language Department is the resident home for those who enjoy discovering new worlds through language study. This department is probably one of the most colorful and lively departments of the school. The customs and lifestyles of the ancient Romans, the French, the Germans, and the Spanish are vividly portrayed and enacted each day in rooms 11, 12, 13, and 14. Not only is this department vivid in the visual portrayals of these distant lands (but not so distant tongues), but it is also audible in the daily routine of the learning and the speaking of the languages. The vitality of the Foreign Language Department is especially obvious during the Christmas season when familiar carols are rendered in different languages.

One speciality offered through the Foreign Language Department is the opportunity to travel abroad. For the past four years, foreign travel during Easter vacation has been organized through the Foreign Language Department. This travel is open to all interested persons in the school and community.

We, the Foreign Language Department of Freedom High, are quite proud to be able to offer our student body four languages. At the present four full-time teachers and one part-time teacher carry on the tradition of Patriot pride in different tongues. Mrs. Marilyn Settlemyer teaches one class of Spanish I. Mrs. Betsy Cranford teaches four French II classes and one French III class. Mr. Fred Epeley teaches one class of German I, one class of German II, Two classes of French I, and one class of Spanish III. Mrs. Camilla Lawrence teaches two classes of Spanish I, and three classes of Spanish II. Miss Elizabeth Linker teaches two classes of Latin I, one class of Latin II, and two classes of Spanish I.

1. Mr. Fred Epeley uses visual aids to make his class interesting.

2. ¿Cómo lo es? questions Mrs. Camilla Lawrence to her class.

The Guidance Department places students in classes, changes schedules, checks credits, and does most of Freedom's paperwork. Mrs. Mary Reep, the department head, and Mrs. Mary Ann O'Neil are counselors. The vocational counselor is Mr. Peter Hecht and the job placement coordinator is Mr. Steve Martinat. Mrs. Costner rounds out the Guidance staff.

1. Part of the Guidance staff's job is to help students prepare for the future by filling out the necessary paperwork — piles and piles of it!
2. Post-secondary opportunities day is one event Guidance counselors arranged, providing Juniors and Seniors the opportunity to speak to college and armed force representatives.
3. Principals Mr. Harold Clark and Mr. Jack Gibbs assist the Guidance staff by helping with schedules.
4. Melanie Cox gets scheduling advice from her counselor Mrs. O'Neil.

PHYSICAL ED

The Physical Education Department consists of Terry Rogers, athletic director, Roger Baker, Mike Mabry, Marsha Crump, Chris Ferguson, and Ken Treadway. During the course of the school year these subjects are taught: angling, archery, athletic P.E., dance, golf, gymnastics, tumbling and weight training.

1. Concentration is the key
2. Track members loosen up before practice with a couple laps around the track.
3. Gary goes for the "gusto"!
4. "I Lobster and Never Flounder."
5. Kick 2, 3, 4 ...

The Home Management Department offers a great variety of subjects to interest both male and female students. The elective courses are designed to prepare students to assume their role in life as wise consumers and effective partners in Family Living.

In the foods lab everything is taught from basic biscuits to Foreign cookery and entertainment extras. Teas, receptions, a Luau and a Thanksgiving feast along with Holiday baking, candy making and Cake decorating are just a few of the special activities. A Foods Services program enables students to learn skills needed to work on a food service job after high school.

Clothing classes offer students the opportunity to make their own clothes, learn needlework such as knitting, crochet, cross-stitch. Projects you might see in addition to the garments worn are sweater vests, children's clothing, and tailored blazers. Some students even make their own Jr.-Sr. attire!

Child Development courses provide parenting information and the Child Care program gives students actual work experience in Kindergartens in the area.

Preparation for Marriage, Adult Living and Interior Design classes help round out the program to prepare students for these tasks in daily life.

The department has three teachers, Sarah Wilson, Kristie Hodges, and Barbara Hester.

1. Mrs. Wilson demonstrates a procedure to her class.
2. Barbara Hester welcomes you with a smiling face.
3. Laurie and Alyssa help themselves to the "goodie" table.

HOME MANAGEMENT

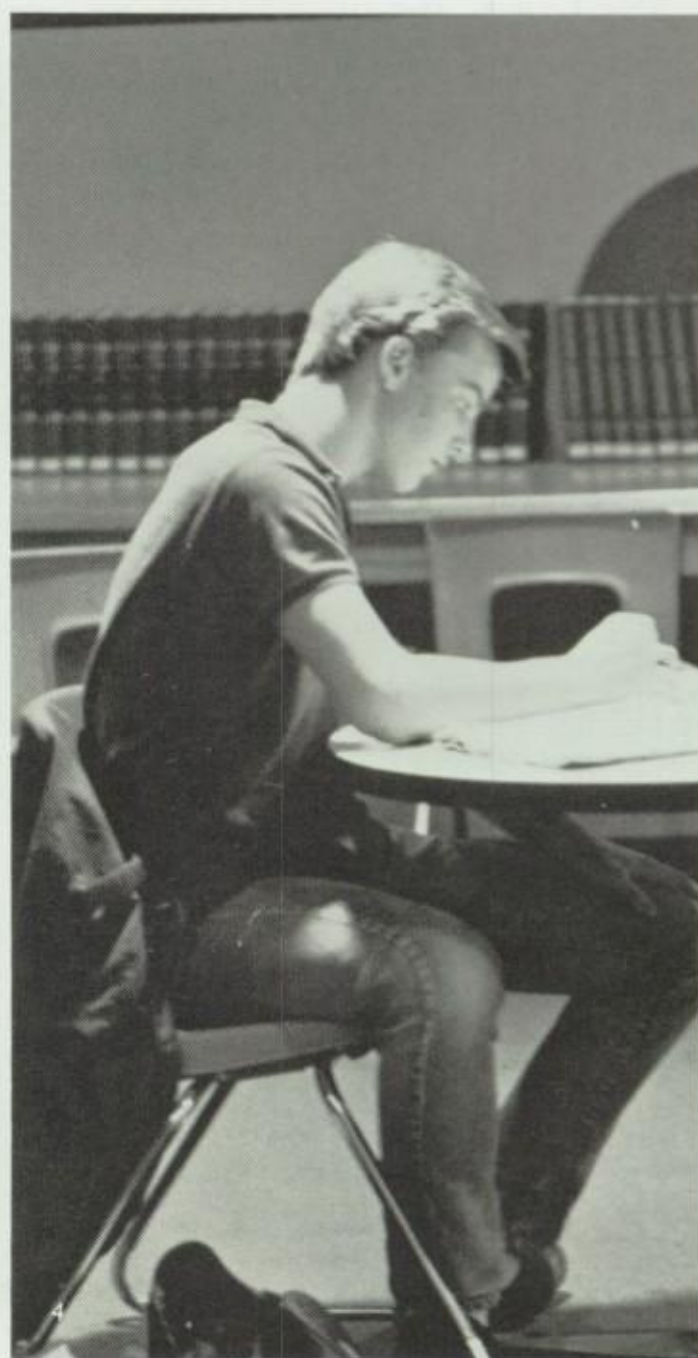

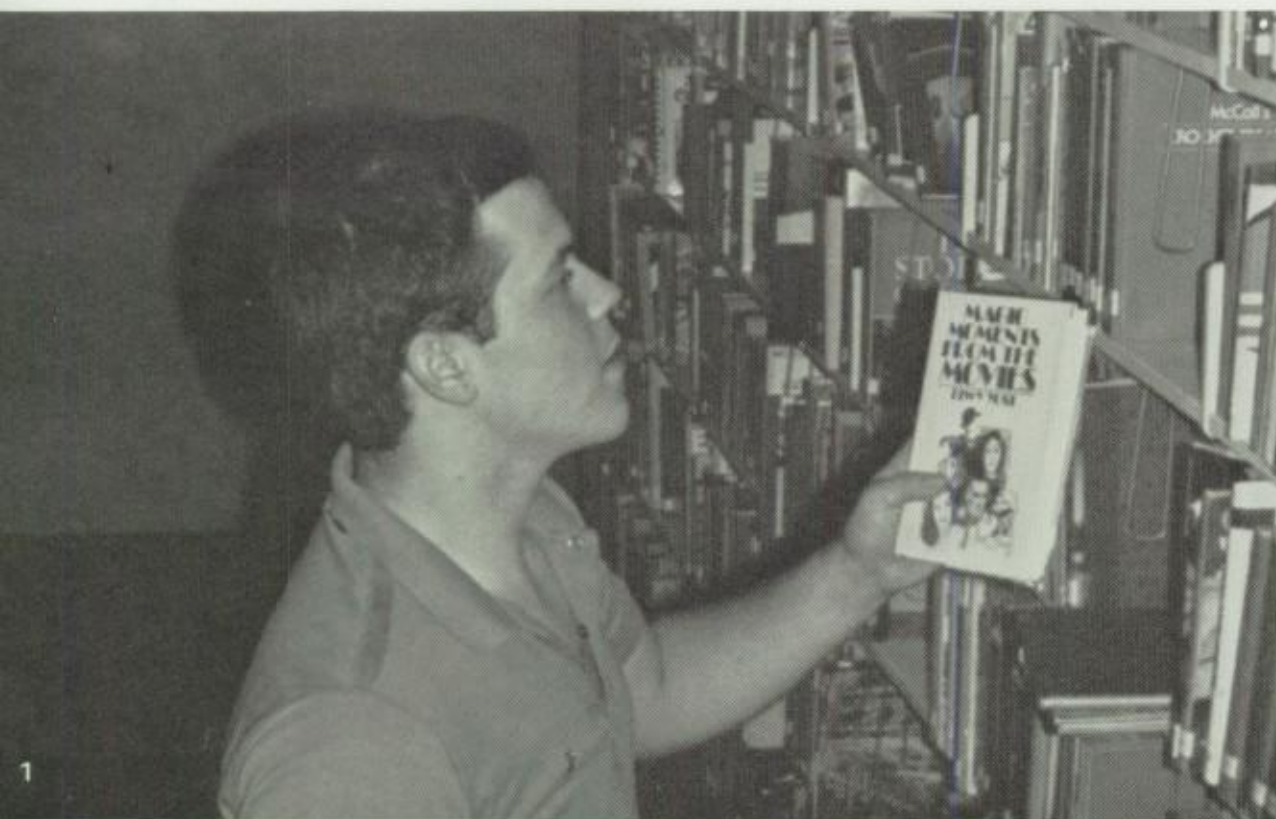

LANGUAGE ARTS

The English Department seeks to meet the needs of all the students at Freedom High through a variety of course offerings. The student, according to his interests and needs, may choose a class like T.V. and Radio Production to prepare him for a career in radio or television, or he might select Southern Folklore to acquaint himself with the legends, customs, and crafts of the South, with a special focus on Burke County. Students who are weak in language skills benefit from courses such as Reading the News and Exploring the Media. Beginning with Paragraph to Theme, the college-bound student may progress to Literary Criticism by his senior year. The fifty-five courses offered by the English Department encompass American, English, and world literature, speech and drama, remediation, and composition skills from the sentence to the research paper. Our thirteen dedicated English teachers stand ready to assist students in the development of their communication skills.

1. Mrs. Hunt tries to explain her point.
2. English class keeps these students busy.
3. "First of all, there are 10 commandments, not 6 ..."

The Learning Resource Center is located in the center of the academic circle and is always the center of school activity. With the Learning Resource Center acting as a coordinating center, books, magazines, video tapes and T.V. broadcasting are distributed throughout the building. The L.R.C. is a place to gain experience as well as place for study and concentration.

MATH

In math classes, students are instructed to: simplify, find solution, prove, differentiate, find the limit, state the theorem, solve the triangle, and think, think, think!

The mathematics faculty strives to prepare all students for the future by providing a strong background in basic mathematics skills and college preparatory mathematics.

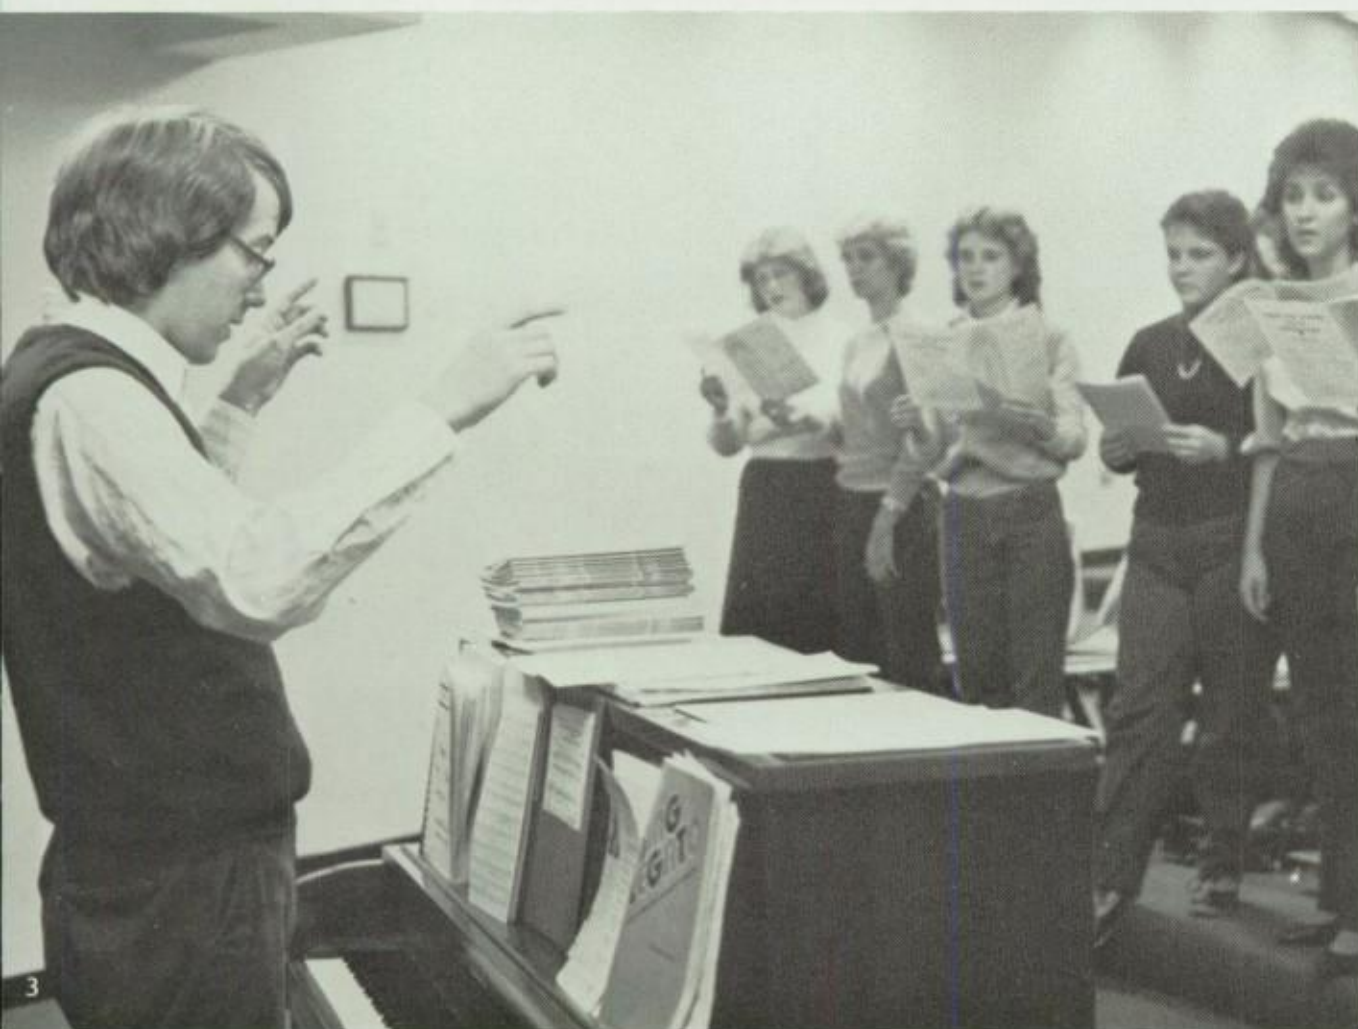

Everyone needs basic math skills and understanding for everyday living to deal with paychecks, shopping, banking, and financing cars and homes. A good background in college preparatory mathematics is required to enter many professional fields, such as, medicine, business, engineering, design, computer technology, and many fields of science.

A major objective of all mathematics classes is to develop skills in critical thinking and analysis which are applicable in all areas of study.

JROTC

JROTC Junior Reserve Officer Training Corps

The ROTC gives pre-military training and knowledge to its students. For students who plan on entering the military after high school, ROTC gives invaluable experience. The ROTC program provides many activities for its students such as, the annual trip to Fort Bragg.

But the ROTC provides more for its students. It gives them self discipline and a spirit of pride and competition. Freedom's ROTC program is one of the best in the southeast. ROTC students also perform community as school services. Being part of the Freedom ROTC is being part of an excellent tradition.

DRAMA CLUB

The Freedom High Playmakers is the official drama club of Freedom High. It was formed in 1981 and is made up of students who are enrolled in drama courses as well as those who have an interest in doing plays and learning about the theatre arts. The club actively supports college and community theatre by attending performances of plays. Membership is open to all students without regard to race, creed, or origin.

During the 1983-84 school year the Freedom High Playmakers presented *THE DIARY OF ANNE FRANK*, *LILLIES OF THE FIELD*, *SPOON RIVER ANTHOLOGY*, and *SOUTH PACIFIC*. The proceeds from these shows were used to purchase a spotlight, lighting equipment for the theatre, make-up, and other basic needs of the theatre. The Playmakers are proud of the fact that they are self-sufficient; they receive no school funds for operation, yet are able to support quality productions.

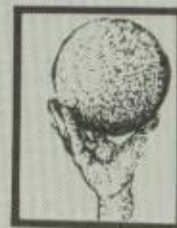

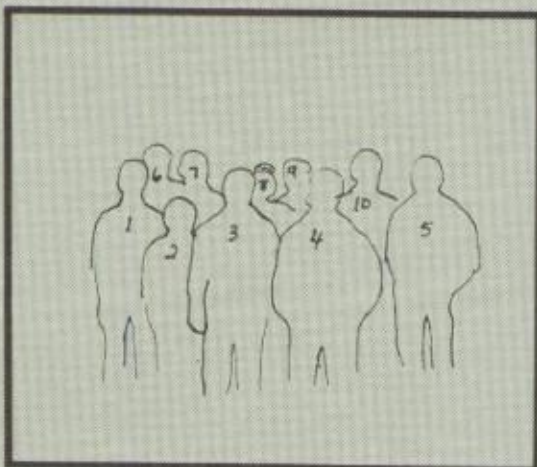

Some former members of the Playmakers have chosen drama as a college major. Four students attend Governor's School in drama in 1983, and many others are presently attending the School of the Arts in Winston-Salem.

The Playmakers have established a proud tradition of excellence in theatre at Freedom High.

The Architectural Explorers Club is for young men and women who have an interest in becoming architects. During their membership, they

learned about career opportunities and gained valuable experience and information by visiting architectural firms. Members also met bankers, builders, realtors, attorneys, and other professionals. French Club members this year have become very involved in all sorts of activities. This year the club initiated new members by having them dress as a French character.

The French III students presented a play, totally in French of course, to the other members. While Christmas caroling the French club had a chance to practice their speaking skills. A highlight of our year was a French meal for all club members.

The French club gave everyone an opportunity to have a great time while they were learning more about French customs. Mrs. Cranford is the French Club advisor.

FFA

FHA

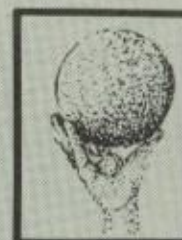

Future Homemakers of America (FHA) at Freedom High School is an organization of students who study economics. The FHA motto is "Toward New Horizons." This motto means that our present learning activities contribute to the influence we will have in our community and country tomorrow. The main goal of FHA is to improve all aspects of living. We extend these improvements to others in our society through our volunteer work. Our first volunteer activity of this year was a trip to Britthaven where the members distributed Halloween treats to the elderly. The FHA Creed Sum summarizes our organization best:

We are the Future Homemakers of America
 We face the future with warm courage,
 And high hope.
 For we have the clear consciousness of seeking
 Old and precious values.
 For we are the builders of homes,
 Homes for America's future.
 Homes where living will be the expression of everything
 That is good and fair.
 Homes where truth and love and security and faith
 Will be realities, not dreams.
 We are the Future Homemakers of America
 We face the future with warm courage
 And high hope.

Humanities is a program designed for the integrated study of the development of man and his culture. The Humanities Council, an extension of this program, is a group of nine students from three classes. Although the Humanites Club had existed at one time, idea of a council tends toward unification and a more stable means of carrying out the needs of the club. In general, the purposes of the council are to present a broader range of related topics beyond the limits of academics, to recognize and deal with the needs of the program, and to promote the Humanities within Freedom High School. One of the goals is to improve the relations between students in the Humanities. Eventually, the Humanities will become a productive and influential part of the school. Thus the council brings the subjects matter of the Humanities somewhat closer to the student body. The two advisors to the council, whose input is invaluable, are Mr. Snow and Ms. Stephens

This year they were involved in such activities as serving food at the circus, canned food drive at Christmas, and the club held a car wash to raise money for Tom Shuford who has leukemia. The purpose of the Latin Club is to extend the classroom study of the Latin language. The club meets the third Monday in every month and alternates day and night meetings. Club members take on projects to enlighten the public about Roman, and Greek influence on the 20th century. The club's projects have been collecting canned food, and giving Thanksgiving gifts to residents at Britthoven and Valentine cards to residents at other rest homes. The Latin club has had guest speakers and has seen films on Greek and Roman mythology. In September, the club traveled to the Greek Festival. The club members went to the Morehead Planetarium and the Ackland Museum on the campus of UNC-Chapel Hill. A proposed trip is visiting the North Carolina State Museum in Raleigh. The highlight of the latin club year is competing in the North Carolina Junior Classical League. Freedom's members are part of the North Carolina Junior Classical League and the National Classical League. Freedom has had Latin club members serve as state members in the Junior Classical League and travel to the National Junior Classical League Conventions. This year convention was April 12th and 13th. Ms. Linker is the Latin club's advisor.

LIBERTY PRESS

The staff of the Liberty Press spent many hours interviewing people, taking pictures, and writing articles to provide Freedom students with an interesting but informative newspaper. NHS

The National Honor Society is an active part of Freedom High. At the end of the junior year, potential members of the NHS are reviewed by the faculty. To be invited into the Society a student must have a grade point average of at least 3.1. However, acceptance is not based on the G.P.A. alone; the student must show high standards of character, leadership, service, and scholarship. Each year the NHS sponsors a canned food drive for Thanksgiving, caroling during Christmas, the Freedom High Talent Show and an exchange day with another school. Ms. Saunders is the NHS advisor.

The Army Junior Reserve Officers Training Corp (JROTC) has been in operation at Freedom High School for seven years. In those seven years, the program has developed more and more with each year. The purpose of the course is to benefit the cadet, the community, and the nation. The main goal is to teach each member of the battalion leadership, citizenship, responsibility, and provide a challenge to the cadet. The battalion stays busy doing activities from parking cars for Friday night football games to building a float at homecoming to show our school spirit. We are also active in numerous activities in support of our community. Each year the entire battalion goes on an orientation trip to Fort Bragg to observe the Army life. The JROTC program helps one to prepare himself to be a responsible citizen in the community, or helps prepare one for military life. "BE ALL YOU CAN BE" is our motto and that is exactly what happens!

SCIENCE CLUB

Due to increasing interest the Science Club has been reactivated for an effective new year. Its objective is to provide the stepping stone between classroom instruction and real world applications. Membership is recommended for students that have an interest beyond the normal course offerings. The scheduled program year includes films, lectures, problem-solving activities, and a wide variety of thought-stretching projects. The Science Club members and officers invite the students of Freedom to embark into the world of Science.

Que Pasa?

The Freedom High School Spanish Club is an organization made up of students taking Spanish I, II, and III. We do both fun things as well as projects to benefit the community. For example, we ate at a Mexican restaurant, and had pizza parties. We have also been to Spanish ballets. On the club's serious side, we give food baskets to the needy on holidays, and visited ladies at Broughton during the Christmas season. Our annual prize-give-away has become quite a success in our club. Our sponsor, Mrs. Lawrence, is always willing to help us in any way. We are lucky to have such a strong foreign language program at Freedom.

SPIRIT CLUB

The 1984-1985 version of the Spirit Club set a mark of excellence for hard work this year. Guided by strong leadership, creative minds, and a wonderful sponsor, Julia Pittman, the club accomplished many of the goals it set for itself. Skits for pep rallies (remember the "Gay Cavalier"), signs for our teams and support for all sports was a trademark. The Spirit Club is a fine organization and its members are Proud to be Patriots!

The SAE Club (Students in Action for Education) is an organization consisting of students who plan to enter the teaching profession and students who have an interest in education and want to help in our school and community. The club is sponsored by the North Carolina Association of Educators, and the state name is Future Teachers of America.

To become familiar with different areas of education, the club has invited guests to speak. Two of these guests have been George Fouts of Western Piedmont and Nelson Abernathy of the Deaf School.

At the Fall Regional meeting at Lenoir-Rhyne College, Arlene Thomas presided as president; and Laura Wilson won the Oratorical contest. Arlene has efficiently served as president of the Western Region for the past year. Laura entered state competition at Raleigh in March.

One of the service projects is the Cream-a-Teacher project for Christmas Cheer. Ms. LaFevers is the advisor for SAE.

SGA

The governing body of our school is the Freedom High School Student Government Association. The SGA is headed by a nine-member executive council, and is divided into eight committees which perform various functions for the school.

COMMITTEES

1. JUDICIARY — The primary responsibility of the Judiciary Committee is to review an appeal by any student who feels he has been unfairly punished for violating a school rule. The Committee reviews the case with the principals and teachers involved, and renders its decision, which is taken into consideration by those administering punishment.
2. ELECTIONS — This committee undertakes the responsibilities of all school elections. Class officers, homecoming, and next year's Executive Council are the major elections this committee will handle.
3. FINANCE — This committee is confronted each year with the enormous task of handling and delegating the money raised.
4. POINT CHARTER COMMITTEE — This committee deals with all club charters, making sure they meet school standards, and reviews the point total of all officers throughout the school.
5. ACTIVITIES — The action of this committee is dictated by the heaviest responsibilities of any committee in the school. They organize our school dances, and assemblies, and assist in all the behind-the-scenes work dealing with these activities.
6. ACADEMIC IMPROVEMENT — This committee is responsible for reviewing suggestions about academic improvements for our school.
7. CAMPUS/ORIENTATION — The main role of this committee is welcoming new students and guests at our school.
8. HUMAN RELATIONS — The responsibility of this committee is to promote good will and feelings among all the students at Freedom High School.

YEARBOOK STAFF

This year's entirely new Makio staff consisted of fifteen members and our advisors, Ms. Pickett and Mr. Delp. During the year the staff worked hard, often putting in extra hours after school and during the holidays. However, the experience of completing assignments, meeting deadlines and learning to work successfully with others proved to be a valuable experience.

The annual staff officers are: Meg Hillie, copy editor; Kim Norman, photography editor; Bryan Propst, layout editor; Judi Naylor, editor in chief; Teresa Haynes, artist. Staff member Crystal Hartley is pictured above right.

1. From left: Jimmy Ethridge, Robert White, Beth York, Pam Thomas, Judy Naylor, Don Mosher, Selena Throneberg, Kim Norman, Meg Hillie, Steve Fisher. Top row: Bryan Propst, Teresa Haynes, and on Steve's shoulders, Conlee Fisher.
2. Jennifer Cannon, most recent addition to the yearbook staff, did not know what she was in for. Jennifer is our only sophomore.
3. Ms. Pickett, the annual staff advisor, discusses an idea with Jerry Gay, the yearbook representative.

The Business Staff of the '84-'85 annual worked very hard this year helping sell advertisements during the summer, teacher workdays, and weekends.

It was a new experience for everyone to go out and sell ads. Without the help of these members selling the ads, the yearbook would not be the size it is, it would not have as many color pages, or many of the extras.

A special thanks to ALL the Business Staff members for the help and time you have given. From your advisor — Mrs. Woodell, and your managers — Tanya Crawley and Teresa Carswell.

CULTURAL ARTS

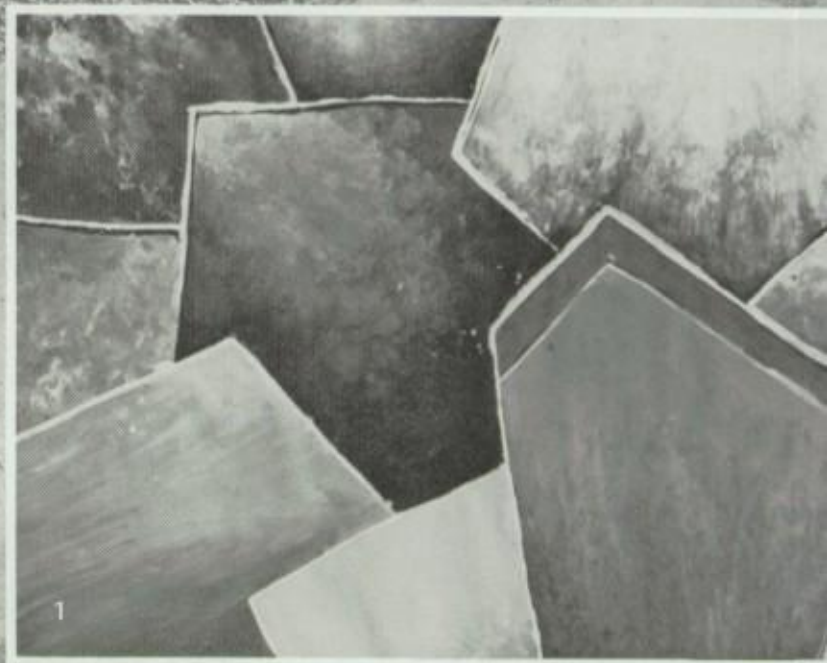

The following Cultural Arts section deals with the creative side of Freedom's students. Individuals have different abilities. Perhaps one boy plays the guitar; another sings; a girl writes beautiful poetry. Even if they keep their talents secret, their skill still makes them unique.

The high school years are a good time to develop talents. At Freedom, you can take varied courses and experiment to find your capabilities. You might find that you are not an artist, but instead you feel most at home in the music department. Maybe you find that you can paint well or write stories. How can you find that you have acting abilities if you never audition for a school play? Many opportunities in art, creative writing, drama, and music exist at Freedom High School; the present is the best time to try as many things as possible.

These annual pages are limited — many of the Cultural Arts can not be represented in their original form. These pages can not duplicate music, but they can show students who play music. Maybe a picture of a band can remind you of the sounds of half-time marches and pep rallies. Neither can these pages show a play; perhaps a picture of the actors can recall the emotions you felt when you saw it. Though poems and art are suited to this media, they may have drawbacks too. A black and white shot does not quite capture the mood of an art work. Nor does a written poem capture the expression and emotion of a voice. But these are not really drawbacks — this annual's purpose is to bring back memories. These pictures and words help prompt your own personal recollections.

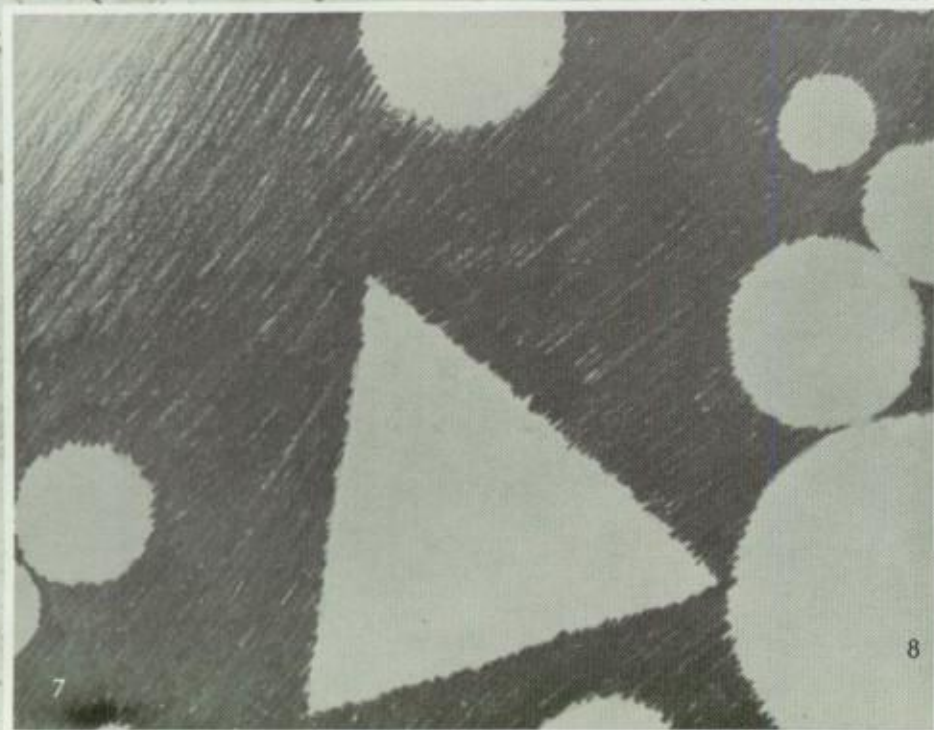

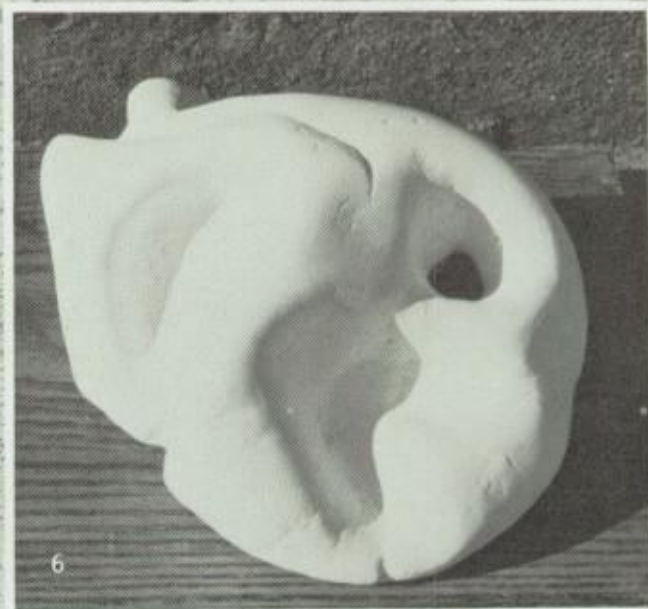

This section can preserve memories through pictures and words — memories of individual attempts to find talents, and memories of friends.

newyorknewyorknewyorknewyork

The Big Apple! Last year on May 5, 1984, seven members of the Art Club and Miss Pickett set out early in the morning for a five day visit to New York City. The students were Barbara Collett, Johnny Dula, Michelle Latta, Judi Naylor, Bryan Propst, Garland Roberts, and Ute Sikora. After a long day of travelling by van, the tired but eager group arrived at the Appalachian State University loft in Manhattan.

On the next day, the group began sight-seeing. They saw some of the finest art in America at the Metropolitan Museum of Art and at the Whitney, Frick, and Guggenheim art galleries. Between these visits to museums, the group experienced urban life; they rode the subways, shopped, and ate a wide variety of foods. One event was a late night ride on the Staten Island Ferry. Although the Statue of Liberty was undergoing restoration and was obscured by scaffolding, she still was an impressive sight. The group also visited Saint Patrick's Cathedral, the Louise Nevelson Chapel, the School of Visual Arts, and Central Park. Also, they went to a Broadway play and the Danceteria club. Seeing major sights in New York City was well worth all the hours of walking and catching subways.

The trip gave the students a new knowledge of art and an introduction to a different culture and way of life. All who went found the trip fascinating and educational, and they would remember this experience for a long time.

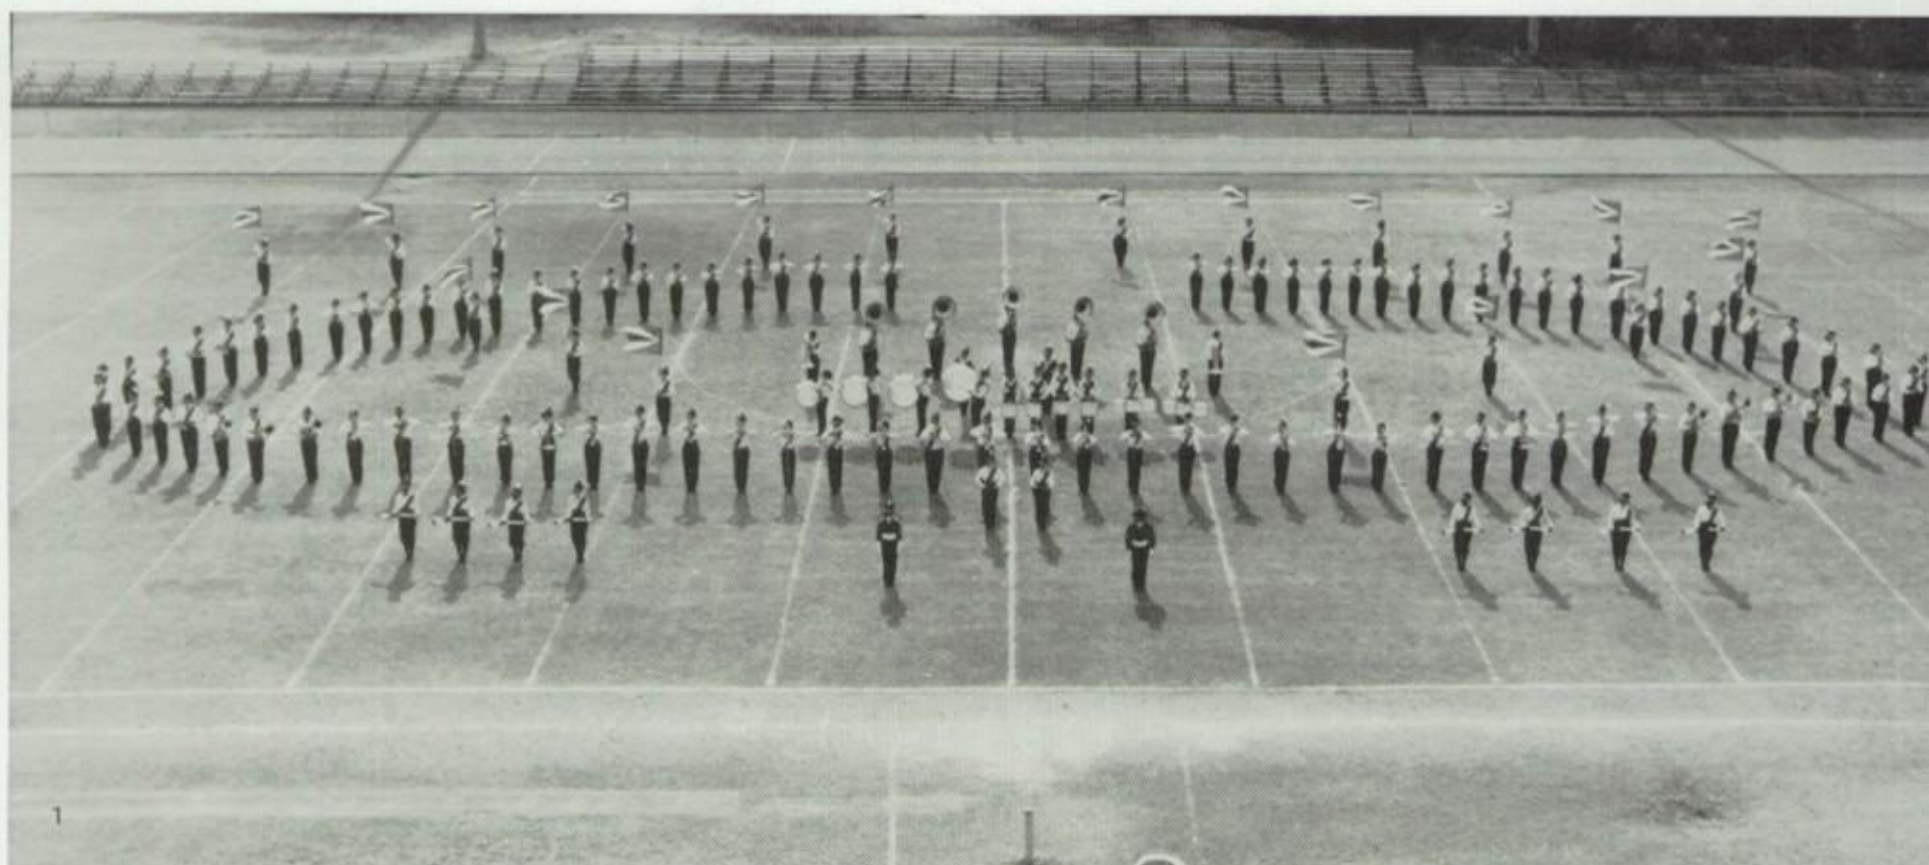

New York City's subways are a moving graffiti museum. Ute Sikora, Miss Pickett, her friend Tim Ford, and Johnny Dula enjoy the ride and the art.

Judi Naylor and Bryan Propst picnic in the midst of Central Park.

The Art Club takes to the streets of Manhattan.

This is an average street in midtown New York City, where varied stores are nestled together and traffic is heavy.

The Louise Nevelson Chapel is decorated with modern wall sculptures. One student commented that instead of looking like a church, it looked like a shopping mall.

The Marching Band entered several contests this year for the first time in the history of Freedom High School. They attended the Blue Devil Classic in Mooresville, NC, and placed third while receiving a Superior rating. They attended the Southeastern Classic in Newton, NC, and also attended the Wake Forest University Tournament of Bands. In March, the Wind Ensemble and Symphonic Band attended Concert Band competition at Wake Forest University. In April, the Marching Band attended the Desoto Celebration National Band Contest in Brandenton Florida. All this in addition to the football games, pep rallies, and their participa-

tion in the Morganton Christmas Parade and the Western Carolina Center Parade.

LIGHTS - CAMERA - ACTION

One of the classes taught at Freedom is TV production. Students in this class feel very lucky to have veteran actor Ed Grady as their instructor.

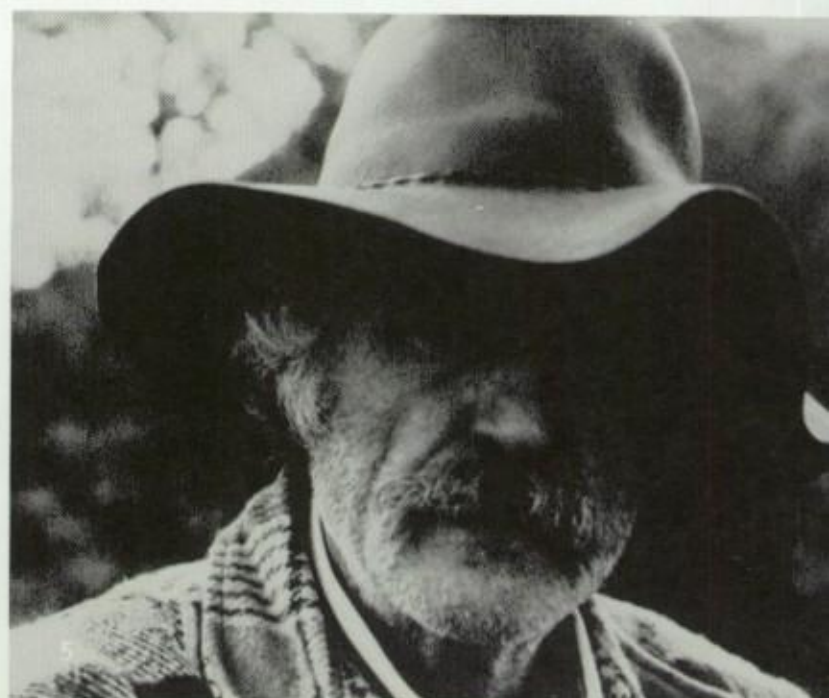

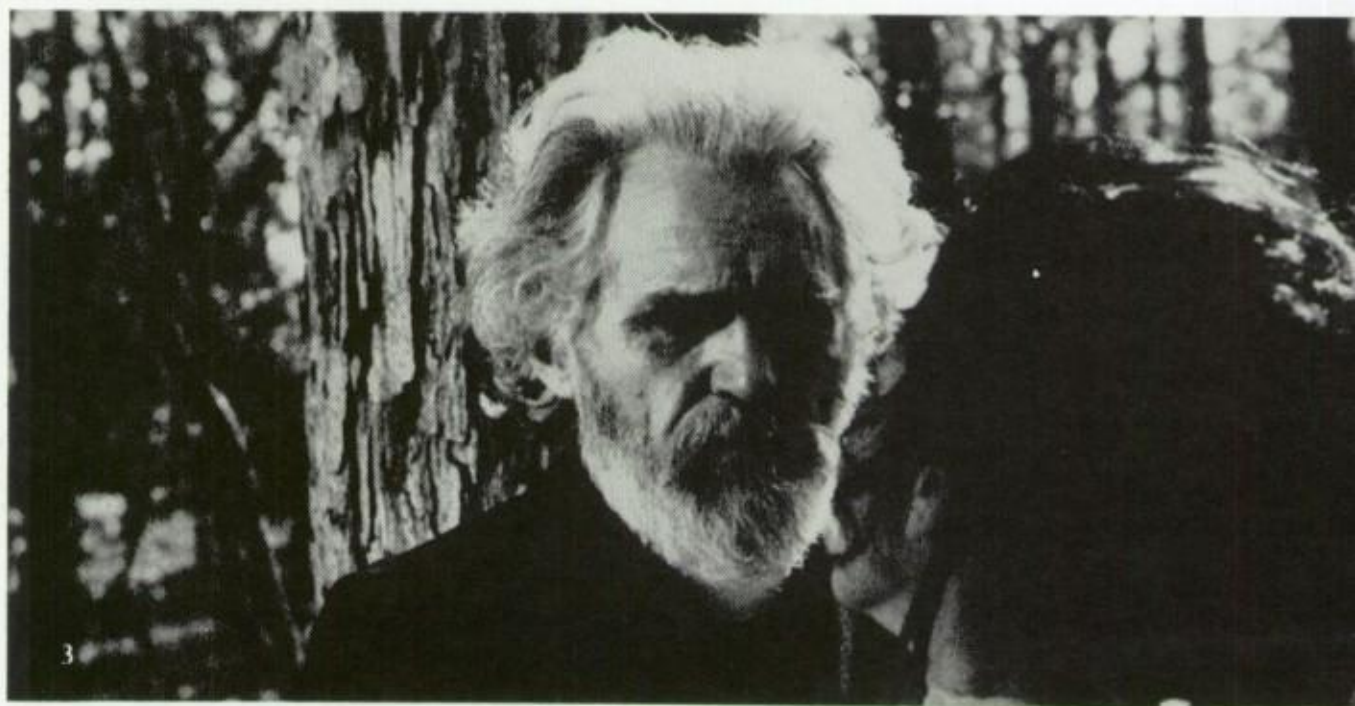

This year several Freedom High Television Production students were given the chance to produce a television show for Burke Cable Co. The students responded very enthusiastically and in return gave Burke Cable what it was looking for. These students produced several shows dealing with happenings in Burke County schools and human interest stories in the local community. Mr. Grady served as technical advisor but the students did all the actual filming and production work.

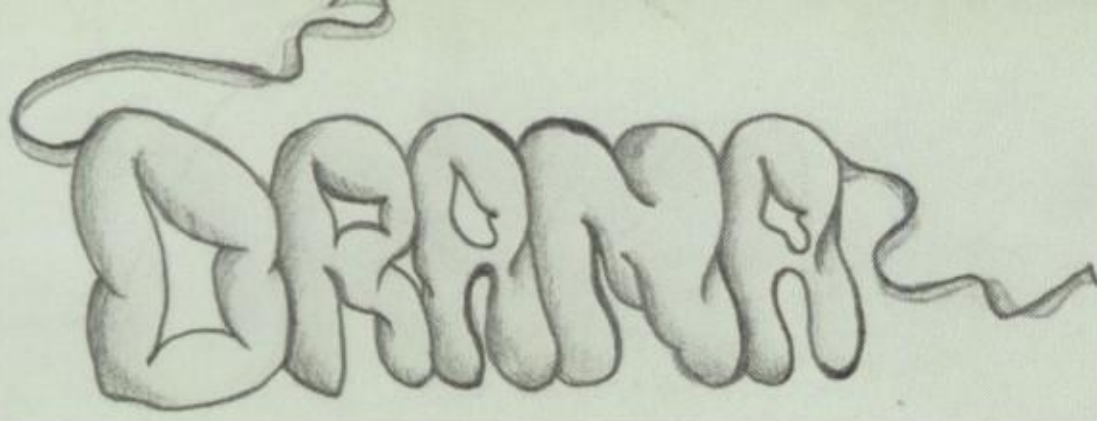

As an active member of the Screen Actors Guild, Mr. Grady has appeared with such artists as Charlton Heston, Keith Carradine, Brad Davies, and Tom Conti. He has worked in many major Hollywood productions, including the film *Rubin, Rubin* and the CBS mini-series "Chiefs". He is currently involved in the filming of the Paramount picture "D.A.R.Y.L." Despite his film accomplishments, Mr. Grady prefers stage acting.

1. Robbie Bradley and Steve Fisher prepare to shoot a scene from one of the many shows which aired on local cable television.

2. 3. 5. Mr. Ed Grady is shown in several of his film roles.

4. Robert White is shooting scenes for his T.V. production project.

The Freedom High School Playmakers had another successful year with four productions.

The fall production was *The Diary of Anne Frank*; the story of two Jewish families hiding from the Nazis in an attic in Amsterdam during World War II. The production starred Carolyn Reibman in the title role along with Johnafred Thomas, Jewel Ward, Eric Carswell, Laura Reis, Terry Shuping, Scott Hager, Brian Garrett and John Callahan.

Winter quarter brought James Poe's *Lilies of the Field* and an adaptation of Lee Master's *Spoon River Anthology*. These two shows marked the debuts of many aspiring actors as well as another successful performance for stage veterans Brad Summers and Liz Gilbert, among others.

The final production of the 1984-85 schoolyear was the musical *South Pacific*: two love stories set on an island in the Pacific. This production starred Tim Pittman, Alyson Watts, Noel Shepard,

Jennifer Carroway, Sharon Mong, and a host of sailors, nurses and assorted natives.

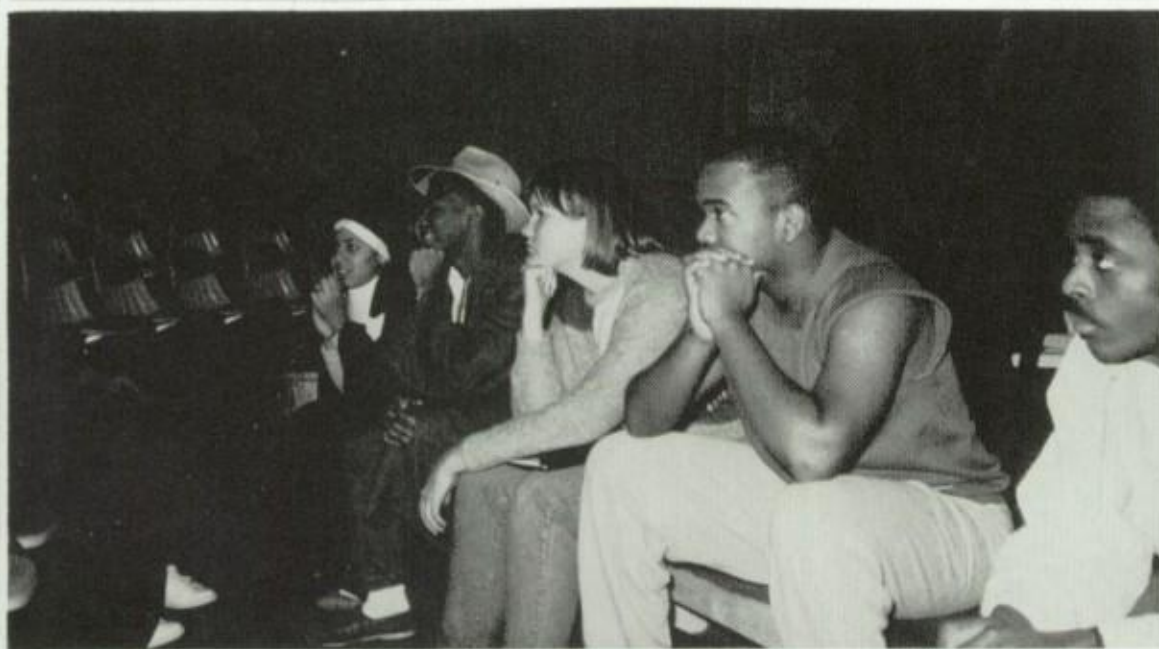

Two faculty members, Fred Epely and Julia Pittman directed the Playmakers this year and in recent years. Each has worked long hours to produce a successful drama program. *The Diary of Anne Frank*, *Lilies of the field*, and *Spoon River Anthology*, were directed by Fred Epeley. Mrs. Pittman directed the spring musical, *South Pacific*. The playmakers are to be commended on yet another successful year!

1. Leonardo Jackson studies his script for the part of Livingston in "Lilies of the Field".
2. Carolyn Reibman and Jewell Ward are successful in dramatically portraying the parts of Anne Frank and Mrs. Frank.
3. Willie Horton portrays Jose in "Lilies of the Field"

B. Cast members listen attentively during a rehearsal for "Lilies of the Field".

C. Frank Caldwell practices stage blocking.

D. Brad Summers, Leonardo Jackson, Andre Jones, Jewel Ward, and Willie Horton discuss the script for "Lilies of the Field".

THE MASK

How many wander a lifetime wearing the mask
Do you know me or do you know my mask?
You know me if I want you to, till then you know the mask

To wear a mask is a terrible fate, one we choose for ourselves

What does it take to be rid of the mask
forever? No one really knows

Maybe someday the masks will die off
Maybe not

THE WINDOW PAIN

Is the world blind to my window pain?
Can no one see through its transparent glimmer?
Why must I look through window pain to see laughter and joy without?
Why can't I be as unseeing as the world through my window pain?
How long will my window pain go unnoticed?
How long must I suffer this lonely window pain?

I went outside
One warm summer's eve
To watch the day
Take its leave.

While watching the clouds
I saw heaven part;
The Lord had come
To judge my heart.

I bowed my head,
In reverence of Him
And fell to my knees,
Ashamed of my sins.

He said, "My Child,
Do not be afraid;
Come with me,
You have been saved."

A most precious gift,
Was given to me,
To live with the Lord
For eternity.

I left my body;
My soul took flight
To follow the Lord,
On this warm summer's night.

For being my friend —

I send you a smile
For just being there,
By my side when I'm down
And showing that you care.

I send you love
For caring for me
When I was sick or hurt
Or wanted company

I send you a rainbow
For saying to me,
The sun needs the rain
For a rainbow to be

I'd send you the world
If dreams could come true,
For a friend takes it all
And returns it to you

CASTLE WALLS

Once in a dream,
Far beyond these Castle Walls,
Down by the bay where the
Moonlit water falls,
I stood alone while the minstrel sang his song,
So afraid I'd lost my soul.

There in the fog his song kept calling me.
Leading me on with its haunting melody.
Deep in my heart a voice kept echoing.
I knew I'd soon be wandering.

Far beyond these Castle Walls,
Where the distant harbour meets the sky,
There the battle raged like Hell,
And every Dove had lost its will to fly.

Far beyond these Castle Walls,
Where I thought I heard Teiresias say,
"Life is never what it seems,
And every man must meet his destiny."

Now in this dream,
Far beyond my Castle Walls,
Here by the dark ocean,
Where bright angels fall,
I run alone with the Hounds of Hell at my heels.
So afraid I'll lose my soul.

There in the barrens the dogs kept calling me.
Leading me on with their howling harmony.
Deep in my mind Asmondeaus was screaming.
I knew I'd soon be dying.

Far beyond my Castle Walls,
Where I faced a blood red sky,
I barraged the Powers with my calls.
But to me no dove would dare to fly.

Far beyond my Castle Walls,
Where the echoes of Teiresias say,
"Call upon Lady Cilmoryl," and
When I did, Her power delivered.

Once in a dream,
Thus I came by power of Love,
From the maw of Hell and Sin,
To my destiny,
Safe and alone within . . .

Walk Halfway — Still My Brother

Walk halfway Halfway — Still my Brother

Land beneath you lies dark
and the Sky above gleams with shattered light

Do you dream halfway-there, traveller?

in what land-twilight 'tween sleep and wake
What sights do you see, now that your eyes are closed?

Walk halfway — quiet my Brother

Are there parasites where you go?
or do those from here still cling to your back?

Did too many cling, Brother? Is that why you left?
Did the thrustle-bump of the city deafen you?
Did the Neon boys play games too harsh for you?
Was it their scalding light that blinded you to
the soft and gentle Side?

Listen Halfway — Still sleeper in satin

there are gentle soothing colors; you always sought them
Balanced with the Fearsome, yes there is a gentle side.

Is it gentle there Brother?

Was that hungry razor biting your skin?
was that so gentle you had to face it.

Walk Halfway Still my brother

Victim of illusions you were
was your final moment (that "little" pain) so gentle?

So much vermillion seems Neon to me

Walk quiet — gently — Halfway-Still — my Brother

With my final question I lay you to Rest

Was it life that Failed you?
or your Courage?

FEATURES AND FADS

1984. George Orwell's terrifying novel of dictatorship and totalitarian government.

1984. The year just passed; and gladly to say, to us here at Freedom, Orwell's fiction novel was just that — fiction.

Although 1984 saw the continuing of the old it also brought in the new. Many old fads will still around but a new one arose — Nationalism. The United States rallied behind her athletes during the Los Angeles Olympics to cheer them on to victory and, sometimes, defeat. Millions of dollars poured into the Ellis Island Foundation to help repair our nations symbol of hope and freedom, the Statue of Liberty. From Bruce Springsteen's "Born in the U.S.A." to Waylon Jennings' "America", nationalism rocked in 1984 and it did not stop in '85. Most of 1984's trend setters were from our home country. Singers like Madonna, Cyndi Lauper, and Michael Jackson dominated not only the billboard charts but the fashion industry as well. Indeed individualism seemed to be the most important trend at Freedom. Whether you preferred saddlebreds and oxfords or leather and chains, 1984 was the year for you. It was a time to be yourself.

Although 1984 will go down in the annals of history as just another year, to us at Freedom it was special. Whether it was because you were a senior or because of that new car you received for your birthday, to each of us it had its own tenderest moments, those of joy and sorrow. It saw the old and the new, the unique and the cliché, the triumph and the defeat.

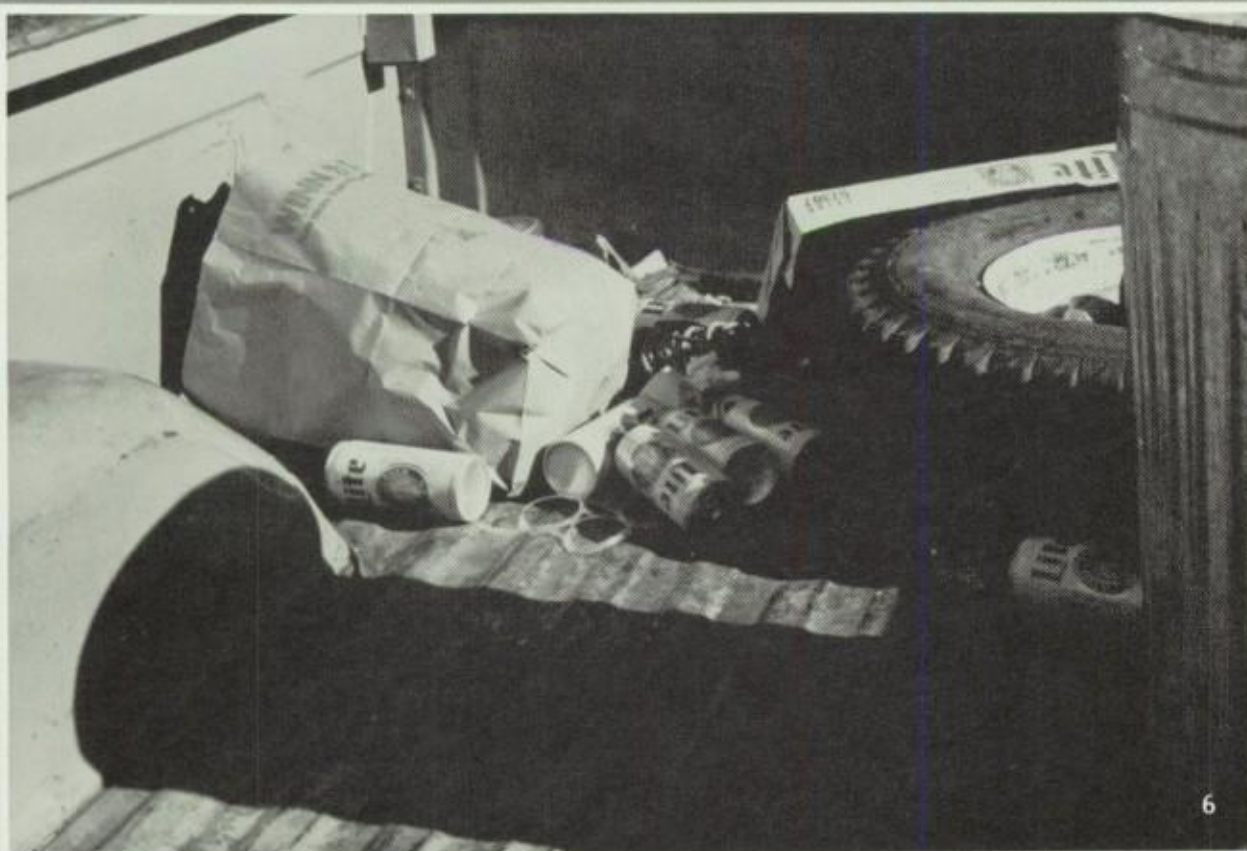

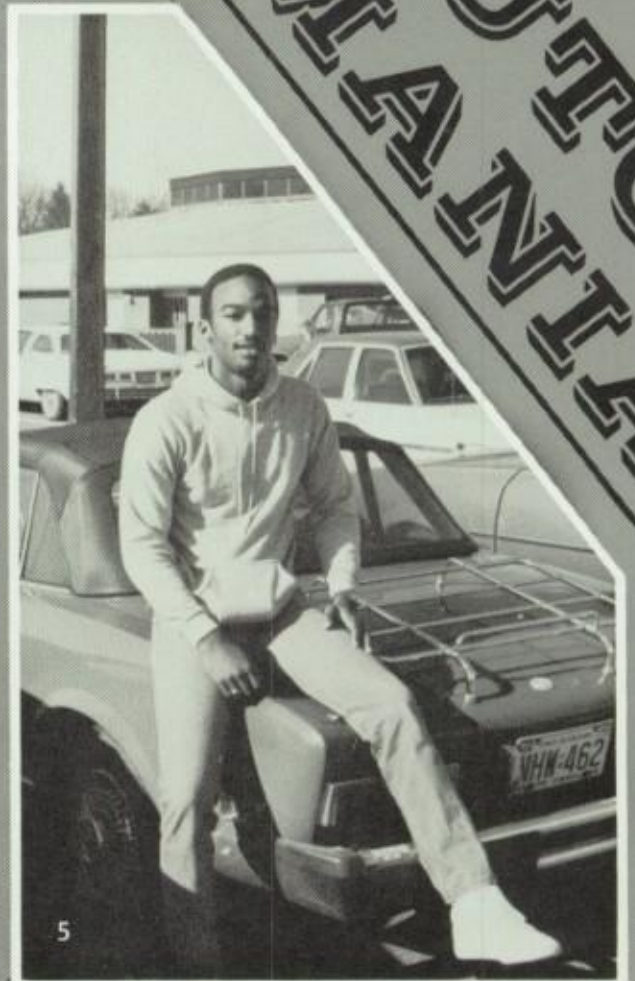

Within the next few pages called Features and Fads, there is a small part of 1984 and early 1985 recorded. Perhaps if you look hard enough, maybe you will find part of yourself.

AUTO MANIA

CARS! CARS! CARS! Everyone likes a beautiful car! With approximately 3/5th of the student body driving to school, there is an array of automobiles to be seen in the parking lot each school day. Some cars are old, some are new, some used, and some abused. But no matter what kind of car you may drive, the automobile plays a very important part in your life. The car gets you to school, it allows you to go to concerts, sporting events, and even go out with your favorite sweetheart. All in all the car is a valuable privilege which we all seem to enjoy.

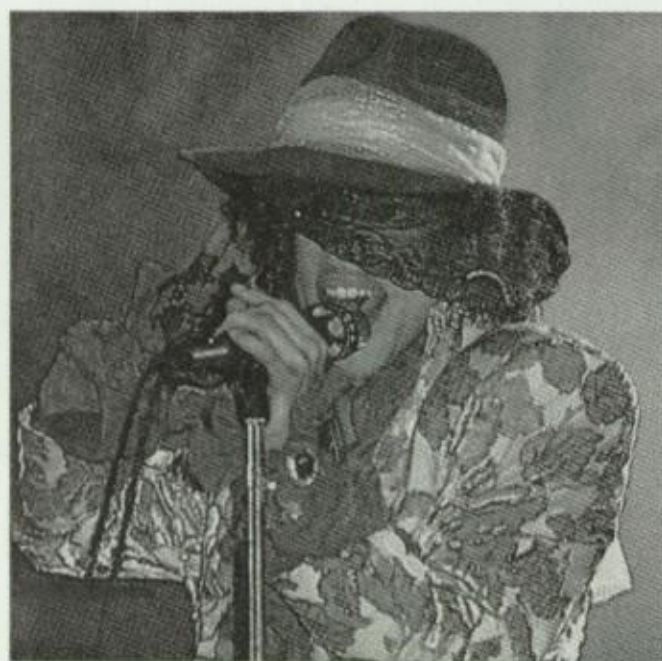

AUTO MANIA

- 1) Dean Burke is persuaded by Kevin Owenby and Carl Wendling to give them a ride home.
- 2) Beth Reep and Wendy Mills enthusiastically leave the parking lot for a weekend of partying.
- 3) The rear-end of Freedom's own Knight rider, owned by Coach Burleson.
- 4) You can haul anything in a pickup! (Eric, David, Brian, Darren, Brent)
- 5) Robert Gilbert is this your car?
- 6) These aluminium beverage containers didn't make it to the trash can!
- 7) The proud owner of this beautiful red Camaro is ... Rusty Lambert!!!

Music

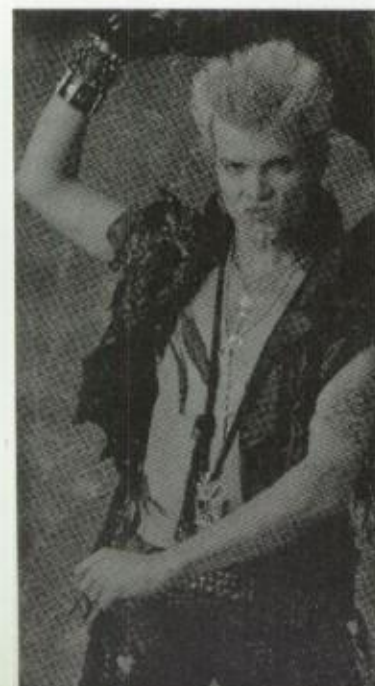

What was happening in music?

Lionel Richie was top pop album male artist and Cyndi Lauper was top pop album female artist. Number one new black artist was Rockwell. Number one new country artists were the Judds. Leading performers were Prince and Bruce Springsteen. Most Memorable of tours was the Jackson's *Victory Tour*.

The Video explosion! MTV became more popular than ever. Some favorites were: Cyndi Lauper, "Time After Time;" Pointer Sisters, "Jump;" Twisted Sister, "We're Not Gonna Take It;" Van Halen, "Hot For Teacher."

Some top albums were: *Thriller*, Michael Jackson; *Can't Slow Down*, Lionel Richie; *Color By Numbers*, Culture Club; 1984, Van Halen; *Private Dancer*, Tina Turner; *Reckoning*, R.E.M.; 1984 — *For the Love of Big Brother*, The Eurythmics; *Seven and the Ragged Tiger*, Duran Duran.

The number one country single was "To All The Girls I've Loved Before," Julio Iglesias and Willie Nelson. The number one Black single was "When Doves Cry," Prince.

FASHION ... an individual means of expression ... an identity all one's own ... whether punk or preppy, athletic or classic, cute or sophisticated, romantic or military, or a combination of all ... here are only a few impressions captured by the camera.

Every year has its share of big events, some of them good, many of them tragic, all of them are important. A few things to remember from the 1984-85 year are:

President Reagan re-elected.

The Ethiopia famine, and the international aid effort.

Politics and the Olympics clash when the Russians boycott the summer games in L.A.

A woman, Geraldine Ferraro, runs for the office of Vice President.

The U.S. and Russia resume peace and arms talks.

Sally Ride is the first woman in space.

And here in Morganton these events happened:

The county votes on liquor by the drink. The vote is no.

Morganton is stunned by an airplane crash.

Many movies this year were revitalized by the music video explosion. In Movies such as *Purple Rain*, *Footloose* and *Yentyl*, the emphasis was on music and dance. It was also a good year for fantasy and adventure films. *Gremlins*, *The Temple of Doom*, and *Dune* glowed with fantastic special effects. Two outstanding comedies were *GhostBusters* and *Beverly Hills Cop*. The film which took the most Academy awards was the heartwarming *Terms of Endearment*.

foreign exchange students

Can you imagine living away from home for more than ten months? Better yet in a foreign country where there is a language barrier. Well, whether it sounds exciting or terrifying, many students do it each year through the American Field Service. The AFS gives students the opportunity to travel and learn about life in foreign countries. While traveling with the AFS, students live with host families.

This year we have been host to two AFS students. Elizabetta Francesca Maria Barbagli from Arezzo, Italy and Clara Ines Arenas from Colombia, South America. Clara's host family has been Mr. Teeple's, a teacher and coach at Freedom. Elizabetta has been part of Carolyn and Michael Reibman's family.

When they were interviewed they were asked questions about their homes, schools, friends. The list goes on and so did the questions. The main topics were school and the differences in teenage habits.

Clara attends a Catholic girls school and Elizabetta attends a public high school. Both Clara and Elizabetta commented that school in the United States is easier than schools in their countries. But, they both said they enjoyed the choice of classes we have at Freedom.

Clara's school only offers one elective in the arts such as music, dance and art. She is required to take English first through eleventh grade, and French tenth and eleventh grades. Grades are not given as A's and B's but as a rank from 1-10.

If you have less than a 7 you have to leave school. Her school has many different rules and habits. School starts at 6:45 and lets out at 1:00 in time for students to go home and eat lunch.

Clara has to walk 1-2 miles to and from school, although she could have ridden a bus this year. During school she stays in the same room with 44 other students while the teachers go from room to room, therefore the teachers have lockers instead of the students. They have a five minute break between classes and one thirty minute break. Many of us would not be able to survive the rules they have. You could not wear make-up or nail polish if you attended Clara's school. No Bubble Yum either, because gum is against the rules! Elizabetta and Clara said that students do not work in after school jobs because there is so much school work.

Elizabetta attends a high school which emphasizes the arts, humanities and languages. In the 8th grade each student chooses whether to go through high school or quit and go to work. The students that go through school may choose, according to interest and test scores, which high school to attend. Choices range from technical or trade high schools to math and science emphasis. Since Elizabetta goes to a special high school she must travel by bus over an hour each way. She leaves home at 7:00 and gets home at 3:00. Lunch is not served at school — she eats at home. Grades are given on a 1-10 scale also, with a 1 as lowest and 10 as the highest. Elizabetta said not many people achieve a 10. The teachers change classes instead of students, who stay in one class unless they have to work with special equipment. Elizabetta has a special diploma as a tourist guide, and she has to speak French, English, German to different tourist groups.

Social habits differ greatly remarked Elizabetta. She said that she can't drive until she is eighteen and then she has to take three tests. Of course with no speed limit it's better to have more mature drivers on the road. Also, they both said there is less need for driving because of the closeness of the towns and the great transit systems. Both remarked that the transportation in this area is somewhat hindering to each of them, in that they must be dependent on others to transport them.

There are also no fast food restaurants like McDonalds in Italy and Colombia. Both Elizabetta and Clara have developed a love for Big Macs and french fries. Clara said she wished she could take McDonalds home with her!

Another difference is the role teenagers in the United States allow drinking to play. They both said that we place too much emphasis on it and look

at it as a means of getting drunk. In Italy and Columbia they drink wine with meals and there is no drinking age. Elizabetta learned how to make wine at age five.

Vacation with Elizabetta and Clara would be fun. Elizabetta said she travels with friends around Europe and once took a one month tour of Europe. Sounds like more fun than Myrtle Beach.

Clara and Elizabetta have both enjoyed their stay in America and will be sad to leave but they say they are excited about going home. They both said they have felt a little more responsible while being here and felt like they have grown very much.

The following article was written by
 ori Barlow, a Freedom student.

This summer I was an AFS student to
 the Azores. The Azores are nine is-
 lands, nine hundred miles off the coast
 of Portugal. I was sent to the largest
 island called Sao Miguel (Sen Miguel in
 English). I lived with a Portuguese fam-
 ily for about two and a half months. I
 have five sisters ranging from ages 20 to

When I first arrived in San Miguel I
 was very nervous and very scared. I
 wondered what the next two months
 would be like. I didn't know what my
 AFS family would think of me or what I
 would think of them. Before I met
 them I read some of the notes I had
 received at orientation in New York. As
 I scanned over the pages I spotted a

quote in big bold letters that read;
 "Nothing in life is to be feared; it is only
 to be understood." Within the next
 few months I would find out exactly
 what these words meant.

The father and the four oldest
 daughters spoke English, but not very
 well. I learned how to communicate
 without words and was surprized at
 how creative I could be. We all learned
 together. I remember my four year old
 sister running around the house point-
 ing at things and saying what they were
 in Portuguese. Then she would make
 me repeat the word and tell her the
 English word. Of all the people in my
 family, the four year old taught me the
 most.

The Portuguese eat breakfast at 8:30,
 lunch at 3:00, and dinner around 9:00.

They eat a lot of fish, I must have tried
 98 different fish dishes. My favorite
 dish was octopus cooked in a stew with
 potatoes. The sausage, however, was
 another story. I ate it one day for lunch
 and the next day I woke up with an
 allergic reaction. I had little red spots all
 over me for the next two days. I found
 out that it was made out of pig's blood
 and onions. At least I had an excuse not
 to eat it again.

I developed a sense of humor about
 things. I learned to understand a cul-
 ture and lifestyle very different from
 my own. A very special bond grew be-
 tween my family and me. I not only
 gained a family and friends that I will
 never forget, but I also gained an ex-
 perience that I will cherish forever.

Academic Excellence

This section has been designated to the students at Freedom High School who have been recognized for their academic achievements. In research for this article, Ms. Glenda Stephens was interviewed. She heads the awards committee and was able to give us the following nominees for such prestigious scholarships as the Morehead, Stuart, and Duke Power. At the time of publication of the annual the nominees will still be going through interviews and writing grueling essays. So, to these students who have been nominated, CONGRATULATIONS!!!

The Morehead Scholarship is a four year academic scholarship to the University of North Carolina at Chapel Hill. The scholarship is worth nearly \$27,000, which pays for tuition, books, room and board. The elimination process of interviews, essays, teacher evaluations, and academic standings lead to the selection of Eddie McNeely as the Burke County finalist. Morehead nominees were: Tom Dengler, Jay Hayes, Tim Pittman, Elise Snyder.

The Stuart Scholarship is a full four year scholarship to Davidson College. This scholarship also pays for tuition, books, room and board. Stuart nominees were: Alan Clark, Elise Snyder.

The Duke Power Scholarship is also a full four year academic scholarship. This is a new grant awarded to students from North and South Carolina to attend any school of their choice in either North or South Carolina. The Duke Power nominees were: René Caldwell, Alan Clark, Tom Dengler, Meg Hillie, Anne Isenhower, William Johnson, Eddie McNeely, Laura Reis, Elise Snyder, Laura Wilson.

The University of North Carolina at Charlotte offers the CC Cameron Scholar-

ship each year to students who have excelled in business related and other academic courses. The nominees from Freedom were: Alan Clark, Angela Davis, Trina Ross, and Arlene Thomas.

The 1985 recipient of the Daughters of the American Revolution scholarship was Adair Gupton. This Scholarship is awarded each year by the Morganton Womans Club.

Laura Wilson was a semifinalist in the N.C. State Merit scholarship contest. She was one of 1,100 applicants which was narrowed down to 220.

The only student from Freedom to qualify for the 1985 National Merit Scholarship was Anne Isenhower. Anne became a Semifinalist on the basis of her PSAT scores of 1983. This ranking means that she is in the top half of one percent of the U.S. high school graduating class.

The Sallie Southall Cotton Scholarship of \$300 was awarded to Arlene Thomas.

Four students from Freedom were chosen to attend the 1984 summer session at the North Carolina Governor's School. Rene Caldwell and Carolyn Reibman were chosen to attend Governor's School West in the area of drama and Alyson Watts in modern dance. Terry Shuping attended Governor's School East in the area of drama. These students were required to write essays and audition in Raleigh against statewide competition.

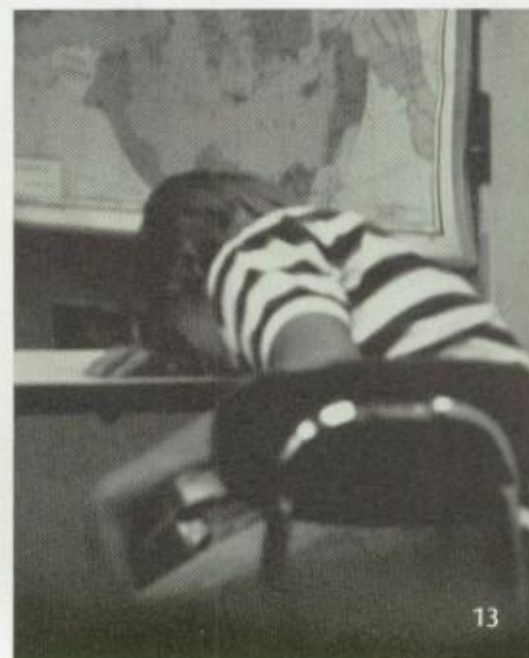

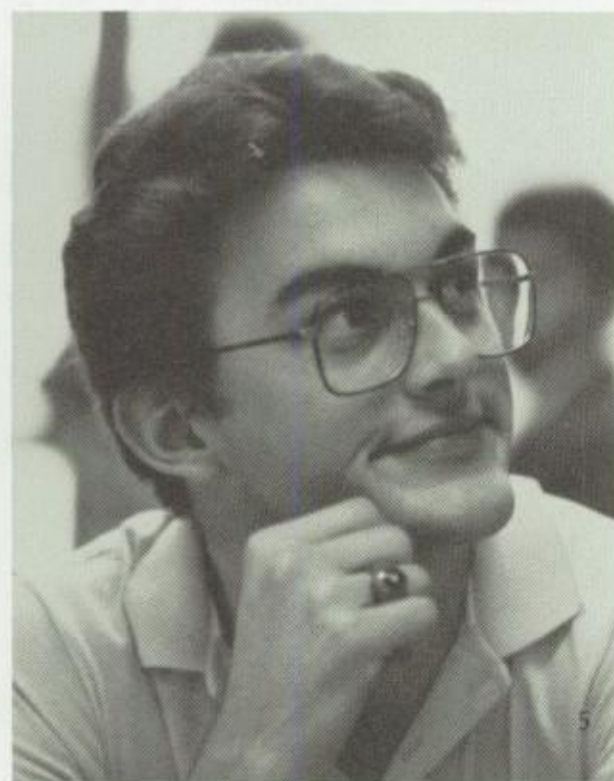

*A follow-up of scholarships awarded will be in this years' supplement.

1. National Merit Semifinalist
2. D.A.R. recipient
3. Morehead nominees
4. Governors School
5. UNCC nominees

Corinne,
 So, how's life?
 It isn't so great over here
 right now but I think that I shall
 survive. I really enjoyed being with you
 this year and I was sorry that it had to end
 but not all good things were made to last. Anyway
 I thought that I would get that out of the way first since
 I can not put what I feel into words very well. Have a
 great summer and enjoy the sun. I want to see a great
 tan on your body next year.
 Love ya always,

lunch!

quiet footsteps and Voices
 a click of the heel, one maybe two, perhaps more
 three or four;
 every morning They come, try to take me away
 from Beauty,
 butterflies in the air and i am,
 bird with broken wing
 sharing songs, screams, night
 doesn't ever come here.

the Voices touch now, with cold icy fingers
 a remembrance of once, a touch and a smile,
 maybe Love?
 the Voices are lifting me, lying upon a
 cold and harden
 stone where wind touches
 my face and sunlight
 dances on my body, shame
 and guilt do not ever come here.

movement, like lying on an ocean current
 tied, hands and feet, to a piece of
 driftwood,
 floating, soaring, my mind is; chained
 to the backs of,
 butterflies, yellow, some blue
 touch my temples
 cause pain, like a dull
 knife splitting my head, farther and farther.

pain, always with the Voices comes;
 pain, comes a crackle of electricity
 and
 oh, God! please stop the pain, and
 sunlight fades;
 tiny drops of dew fallng from;
 my eyes, and i, can't see the
 butterflies, dear God
 why does the pain always come here?

jerking, can't stop myself, frightens
 the butterflies away, always the
 same
 pain and the forest fades and, fire
 on my forehead
 seering pain and a flash
 and, i; can't think anymore
 please God, make
 the pain go away.

the forest in its quiet, solitude
 is gone and the meadow has
 faded away,

the Voices are much louder, now
 like thunder in my head,
 when i open my eyes
 i see Their Faces, smiling
 white surrounds me,
 shame always comes here.

oh, God! can't i, need to back
 where, tubes in my arm and; please
 stop the Voices
 close my eyes and, try to travel
 down the road, again,
 Voices trying to, through
 the forest to, wake
 me up, the meadow
 where night never comes.

must try harder, to get back,
 running through a tunnel of trees
 and,
 can't hear the Voices, see the
 meadow ahead,
 flash of color and,
 can't see the Faces
 jump, higher and higher,
 flying on golden wings.

BEING ALONE

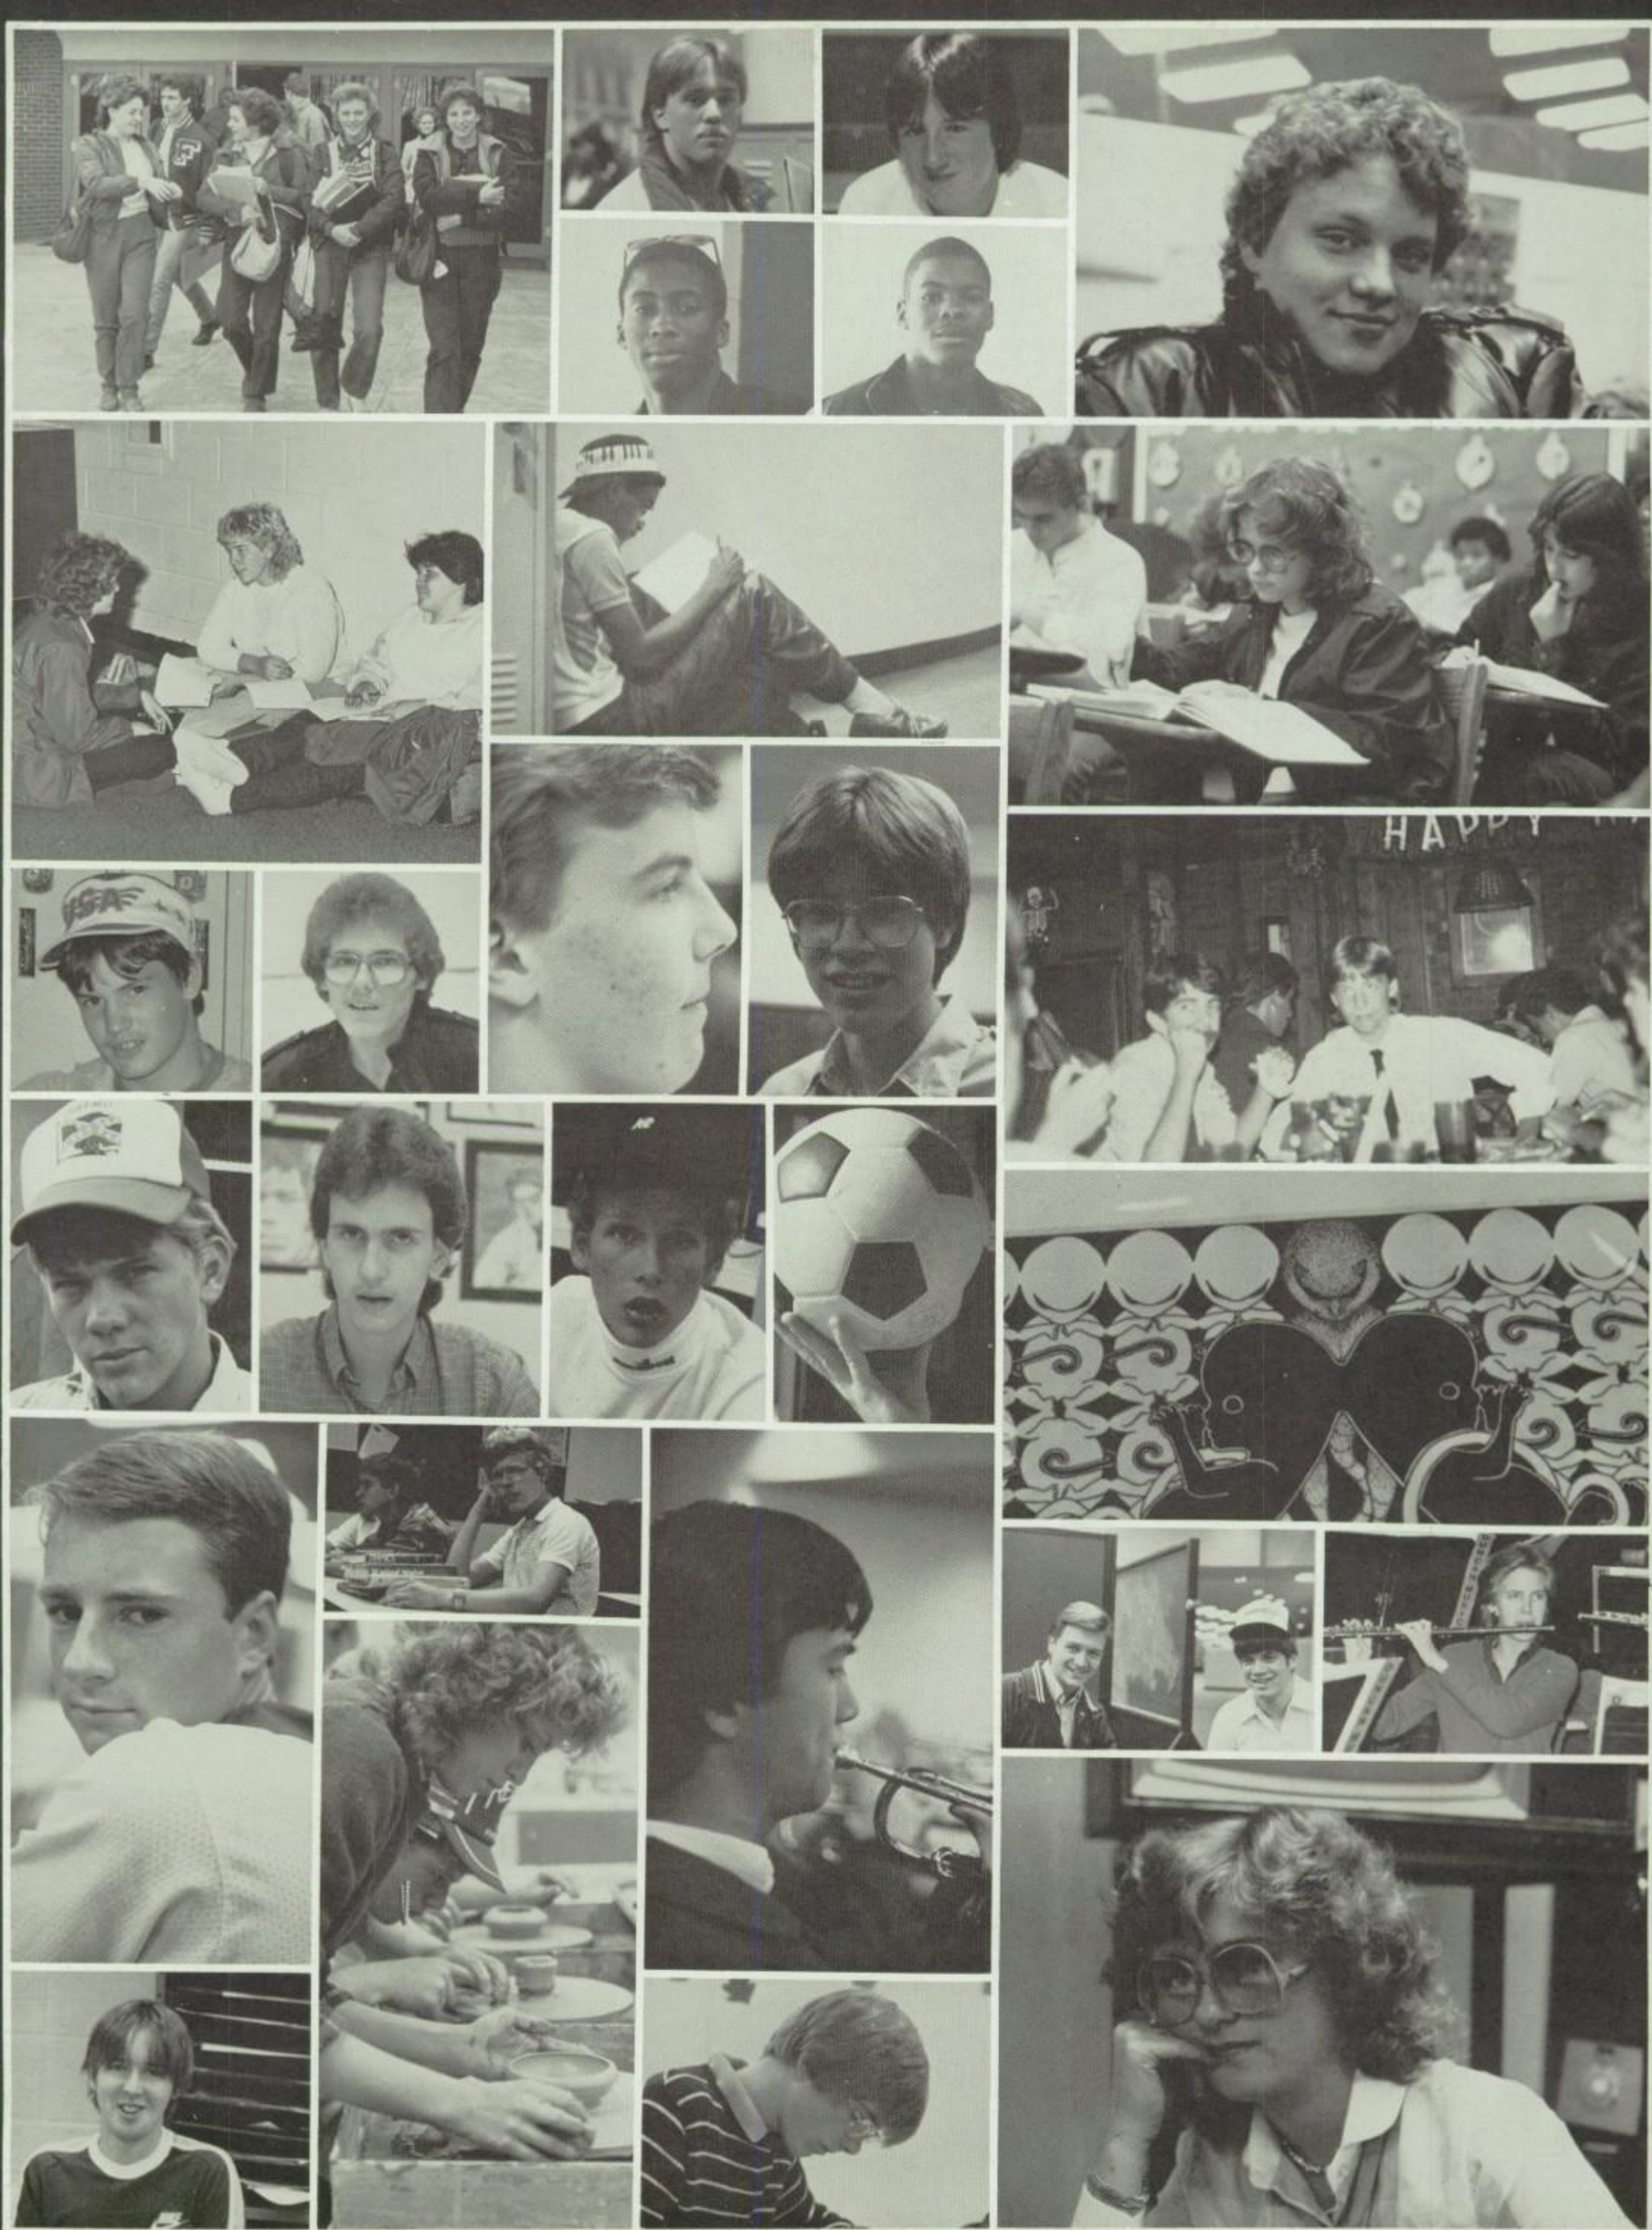

Have you ever wanted to be
 alone? Really alone.
 With nobody around to bother or
 disturb you.

Do you ever wonder what the world would
 be like with just one person?
 Then that person would sit and
 think about being with somebody —
 anybody.

Crystal Hartley

To those who sought
 Although in vain;
 Keep reaching, Do not
 Lose faith,
 For the stars never
 Leave the sky.

 Love ya!
 jayra!

Last summer a few people from the annual staff went to a workshop in South Carolina. During the conversing and exchanging of ideas everyone asked us what the title of our book, *Makio* meant. Because we didn't know its meaning, it became kind of a joke between us. We even had people do research to find the meaning of the word. In our search for the meaning of "Makio" we decided to ask the Freedom students what they thought the word meant. Here are a few "suggestions" made by students:

"Monkeys And Koalas In Orbit"
 "The name of a type of shark"
 "Something new they are serving in the cafeteria"
 "An exotic food," Steve Denton
 "A form of art similar to stucco"
 "A greek artist who shocked the

Greek public society when he created a mirror image of himself, with out looking at himself with any reflectorial devices. The Greeks nicknamed this spectacular wizard Makio," Scott Woody.

"Name of a Japanese car"

"A very sexy lady"

"An old Indian word meaning ignorance and apathy," Steve Fisher

"Name of the old annual," Tom Wallis

"Freedom to be somebody or stay a nobody," Beth York

"Dirt Bike," James Bond

"Pond," Kenneth

"Lake," Darrell

"Swahilee for 'British Rock Forever'"

Finally, upon asking everyone in the school, a few teachers came through

with the real meaning of the word and how it became the title of our yearbook.

In 1974, the Freedom High School annual staff had the task of naming the first yearbook. They asked for suggestions from the students. An Iranian exchange student suggested a Persian word, "Makio," which means a *reflection of oneself*. The student body voted and "Makio" became the title of the first edition and all those following.

Since learning the meaning of *Makio* we, the staff of 1985, have come to appreciate the title. We hope this 1985 book has lived up to its name and given you a look into your 1984-1985 year at Freedom High School.

This book belongs to Freedom High School and its students. It is about them; it was created for them; and it is dedicated to them.

Now you have seen our world. As you reach the final pages of this book, you have experienced our representation of the 1984-85 school year, through pictures and articles. I hope you are pleased. Life is a continuous series of different events and experiences. This year's Makio staff has worked hard to record those experiences, yet we have captured only a small portion of the past school year's activities. As you turn the pages of this book, your memories will come alive and complete the segments we have missed. So, therefore, this book is more yours than anyone else's.

As the year came to a close and the final pages of Makio 1984-85 were completed, we all realized how quickly the year had passed. All things — good and bad — must come to an end, and we must learn to take the good with the bad. Working on the staff, and being editor, has been a unique experience in itself. Even though the job has not always been a complete joy, the good times by far outway the bad. At this time I would like to express my personal gratitude to all the people who have helped make the good times better and assisted in creating our remembrance of the 1984-85 school year:

To all the teachers, coaches, and club sponsors for all their cooperation and for tolerating our endless letters and bulletins.

To all the countless people who typed copy and ran errands for us, I am appreciative of every bit of it.

To Jane Webb and Billie Priddy for being our typists.

To Marshall Bachelder for helping us greatly with his photography.

To Chuck Liddy of the News Herald for his fantastic sports photography.

To all of our patrons, because without their support, this book could not have been possible.

To the Morning News Crew for always getting our messages announced.

To our business staff, Tanya Crawley, and Mrs. Woodell, I truly appreciate all of your hard work. Also thanks to Mrs. Woodell for handling all of our expenses.

To the staff, I would like to thank them for doing a great job and for always hanging in there no matter what. Thanks for putting up with picas, point sizes and photo croppers!

To our editors, Meg Hillie, copy editor, Kim Norman, photography editor and photographer, and Bryan Propst, layout editor.

To Jerry Gay for his patience and continuous smiling face. You do not realize how helpful you have been.

To Mr. Delp for his clever and creative ideas and wit.

Most of all to Miss Pickett for the astronomical amount of work she has done and for still having a sense of humor!

Thank you for being such understanding people.

Editor in Chief,
Judy A. Naylor

you! Please
keep in touch this
summer. Goodbye.

Corinne,

I can't begin to think of the words to express the way I feel, but I guess I better try. This year was okay until about one week left in second quarter; then you came along. Now this year has been - super, great, magnificent, excellent! - a lot better. Without you I could have never been able to make it. As I think of all the times we've shared, it kills me to know we're gonna be apart next ^{year} only physically. Even though we won't see each other everyday you know I'll be thinking about you, and "Don't you forget about me" either. What I really like to think about is when I come home on weekends. One thing I regret, most of all, is that we didn't meet last year. You mean more to me than I could ever express in words... "I LOVE YOU!!!" (I can say that can't I) When I'm down you're there with your pretty blue eyes and that big smile. Somehow I feel that there's nothing that could break us up. (completely) Even if we were to stop dating steady there's this thing about us that is ~~so~~ so strong, I'm sure we would be good friends (but let's not talk about not dating; too depressing) You are the best thing that's ever happened to me, and I know you're gonna "happen to me" alot longer. It's just so right; you know? 'Cause we're so much alike. DAMN it feels good to be a senior! I just wish you could leave with me, 'cause I hate to be away from my little brown-haired girl.

I love you,

"Where my love is, there you are
Of my faith, hope, and
my love;
The greatest is my love!"

^{Cassanova}
Well, mine won't be ~~as~~ long as Chucks but
you'll survive. We have had another great
year. We did some of the craziest things.
I'm really glad you and Chuck got
together. I wish I could find
a man, not these dumb BOYS!
I'm glad we are friends again. We
have had some party times and
I'm sure next year when you
a big snore we'll party even more.
When you and Chuck find the time
to be apart call me and we'll
do something super crazy. But if
I were you I wouldn't leave
him alone either. Keep it! When
you got it! You really should share
all your things with your friends.
It really isn't nice ^(HA) Just joking
you can have him all to your-
self. I'm not ready to settle
my crazy self. I'm having to
much fun playing the field. It's
a big field, too. Well, I almost wrote
as much as Chuck but I know it doesn't
mean as much. You really are a good, good
friend and I hope we ~~can~~ be friends
forever.

Love Ya
Duke

P.S. Sorry
to Messy.
I'm just
